## **51-0505 - Calvary Temple, Los Angeles, CA (Paragraphs: 56 - 91)**

L-57 Now, you bring the... your patient. Now, just a moment. Now, I don't know just exactly what. Howdy do, lady. I was kinda getting this up so that the patients coming through, you know, why, they would--they would be able to--to hear... I mean the people out there would hear the patient (You see?) is what I mean.

And you have... You come to be prayed for. And you're perhaps wanting to know a little something about yourself, because that I--I--I feel that there it's something that you're desiring to know: your--your conditions.

You're nervous, aren't you? Extremely nervous. And haven't you lost quite a bit of weight too? I see a lady standing before me that's much heavier than you. And say, aren't you a minister, or something like that of the Word? Don't you teach, or something there like? Yes, that's what I thought you were. Uh--huh. Do you believe now? You're all tightened up all the time.

What it is, is you've put yourself in a strain. You've been through quite a bit of strain anyhow. You started worrying not long ago, and looked like something happened to you that you got to--just all tightened up. Now, that is nothing but the devil trying to hinder you. Now, it's Satan trying to curse you and throw that before you. And as... You mustn't accept it. You must throw it down and--and believe now. Is that the truth? Well, come here just a moment.

O Father, I thank Thee for Thy mercies and kindness. And I pray Thee to heal our dear sister just now. Thou demon, leave the woman. Come out from her. In the Name of Jesus Christ, leave her.

Now, looky here, sister. You accept it now? All right. Go rejoicing and happy, and get into the work of the Lord.

L-58 Let us say, "Praise the Lord." Now, the lady... The lady's going to get all right. Now, she'll be all right.

Now, just a moment. Now, standing here to my side stands Someone else. Now, everyone just...

Come here, sir. [The brother asks a question.--Ed.] Sir? [The brother asks, "What's wrong with me?"--Ed.] Well now, if you'll just look this a way and believe me as God's servant... Now, we're--we're strangers in--in this life's journey. I--I do not know you, my brother, no more than you're just standing there. And I perceive that when you walked up, there's a welcome spirit. And you're suffering too. That's right. And you--you have a stomach trouble, isn't it? Yes, sir, that's right. You're suffering. I see food come before you and then go away, so I know. Say, aren't you a minister too? You're a minister of the Gospel also. Isn't that right? Yes, sir. And--and you're--you're a believer, aren't you, brother. And you want to be healed, don't you? You come here just a minute now, brother.

Our heavenly Father, I hold my hands on a... Your servant tonight, Lord. And the Bible has said that if they lay hands on the sick they shall recover.

Satan, turn this man loose. You're trying to bind him. In the Name of Jesus Christ, leave the man. [\[Mark 16:16-18\]](#)

L-59 Now, my brother, what has caused your stomach trouble has been something similar like the lady that just passed. It's a nervous condition. You've been nervous for quite awhile. And lately, it's been worse than ever. Isn't that right? Yes sir. And then you've had lots of trouble that's caused this and so forth.

Now, you go right on. I told you the truth. Is that right? You're a minister. Raise up your hand if that's

true. That--that is true. All right. Now you... No way of me knowing that only through Jesus Christ. Is that right? You feel... Now, being a--a Gospel minister there, you feel that there's something strange right here, or a feeling of--of love, and like... Is that right? Now, so the people will see that that's right, raise your hand.

**L-60** Now... Now, that is the Angel of the Lord that this minister is a witness, what He spoke to him. Now, what more is this, the Spirit of the Lord. God in heaven knows I know nothing of the man no more than...

But standing here at the platform just now, as he walked up, I felt a welcome spirit. I said, "You're a Christian believer." Now, that's the same Spirit that said through our Master to Nathanael, "Behold, an Israelite indeed, a believer, an Israelite in who..."

And he said, "Whence knowest Thou me?"

And here, I seen him, his trouble, his things and stomach condition and so forth, what was right. He feels the witness of the Spirit. Is that the same Spirit that the Lord Jesus Christ promised us that would be here in the last days?

God bless you, my brother. Go and you're going to be a well man. And God bless you and be...

Let us say, "Praise the Lord." Everybody. And believe with all your heart that God is here to make well all those who believe. [\[John 1:43-51\]](#)

**L-61** All right, come now, sister. What would you say if I told you you were healed setting there in that chair. You are, sister. Go on your road and rejoice and be healed. Amen.

Now, that the audience might understand, some of the people... I want some of you without any prayer cards out there to look this a way. I want you to believe.

The little sister that just passed by there, and been suffering with that diabetes and stuff, she's going to be all right now...?...

Now, just a... have faith. Now, wait. A lady is looking at me here on a cot. Now, lady, I want to contact you by just talking to you. You have no prayer card. And you're stranger, and I don't know you. But you're suffering with a arthritis. Isn't that right? It's got you crippled up too. Isn't that right? And now, if you will believe with all your heart... And when God's miracles, or things begin to happen on the platform... If I was in your place, I believe I would say, "Jesus Christ, I accept You now."

There's a man's here pulling right across the lady setting here in a wheelchair, that I can't see what's a happening.

But I--I believe if you just accept Him with all your heart, God would unbind you, and you could get up and go out of the building and be a well person. Now, think of that. You're trying to have faith, aren't you? You're trying to have. You have a desire in your heart too, don't you? I see a close walk with God, to walk closer than... by Him. I see that above you. A shadow like pulls around above you.

**L-62** Somebody else just made a... Just a moment now. The Spirit of God is moving. I believe it's the lady setting right... or the man, either, right here just... No, I believe it's the lady back there on that seat. There's something wrong. Blood, isn't it, sister? Ain't you anemia or some... Yeah, right there. Isn't that right? Stand up on your feet. Jesus Christ makes you well. That... Amen. The lady right... Yes.

There's another one right behind her too. That's right. Stand up, lady. That's right. You're going to get over that.

Now, wait a minute. The lady, your friend setting there by you, cancer case. All right. Stand up, sister. The Lord Jesus will make you well of that cancer if you just believe. Amen.

Now, everyone reverent as you can be now. All right, sonny boy, bring the lady.

**L-63** Are you a believer, sister? You believe the Holy Spirit is here now? You believe that this what you feel is Him? I--I bless thee, my sister, for your healing in the Name of Jesus Christ. Go and be well. God bless you.

Have faith now, every one believe with all your heart.

Now, little sister, how are you feeling about it this afternoon? Are you a believer? You believe that--that God sent me to do this for you? You--you truly believe it with all your heart? You do? What would you think if I could be able, not knowing nothing about you, tell you what's wrong with you? It would be wonderful, wouldn't it?

Now, look. So that you will know this to be sure, you've been this way for quite awhile, haven't you. That's right. Since small. And of course now, your eyes is astigmatism, what's causing that. Your eyes are not very good sight. That's one thing is wrong with you. That's not all. Then you also... I see that--that you've never satisfied yourself in the way that you've tried to serve God. You've always wanted a deeper walk with God, because I see a shadow following your path. You're suffering with a heart trouble, too (Isn't that right?) that's bothering you. Isn't that right? Now, what if... Is that the truth? Have I told you the truth?

**L-64** Now, will you accept my word as God's servant? If that... If I know what has been in your life, do I know what will be in your life? Will you now say before God that you take Him for your Healer, and will go along with your head up, and rejoice, and praise God, and live as close to Him as you can, and be a well woman? Would you like to do that? Come forward.

Our heavenly Father, I bless this young lady. Take away all the things. She's pressing hard, Lord, towards that goal there, trying to get there. Satan's determined to send her to a premature grave. But You're here to heal her. I bless her, Lord, that this heart trouble will leave her, and she'll be a--a well woman in the Name of Jesus Christ. Amen.

Now, you believe it? All right. You may even remove your glasses, sister, and go off the platform and be well. Bless you.

Let's say, "Praise the Lord." Everyone.

**L-65** All right, come. Now, it's her hearing. I see that now in your... It's your eyes are very bad. You're going blind. And you believe that God will make you well? With all your heart? See, somebody's standing there, crossed me up then. I happened to catch it just before it got into there. I see what...

Now, you're going blind. And Jesus Christ is here to give you your sight, mother. Do you believe that? With all your heart? Now, mother, you may be a little aged, but God loves you. When I hold your hand, I think of my own dear mother at home tonight, is praying for me. She does every night. And one of the greatest mother day blessings you could receive right now, outside of your--your salvation, which you have, that you would be--to be able to see good and get around again. Wouldn't that be wonderful? Now, mother dear, I--I know that one of these days, that you and I are to stand before our Lord Jesus. Now, I'm going to ask Him to heal you. And you believe that what I have told about Him is the truth. And I want you to bow your head now.

**L-66** My Father, as a dear mother leans her head on my shoulder, weeping, blind. Satan has did this evil to her. Nerves give away in her eyes, and she's gone blind. But Thou art here to restore her sight, Father. She's standing so humbly and submissive tonight. I'm thinking of Sarah of old, and thinking of blind Bartimaeus at the gate, the man that You spit on clay and anointed his eyes. And now, Father, if You were here tonight in a body of flesh setting among us, she'd run, lean her head over on Your shoulder. You'd bless her, dear Father. And I know my... I'm a very poor substitute. But dear God, if You were looking for righteousness, where would it be found? So Father, I bless her, that You'll give her her sight again. In the Name of Thy Son Jesus, may this blind spirit leave this aged mother, and may she be able to see now in the Name of Jesus Christ. Amen.

**L-67** Now, mother, I want you to look here to me. You see me? You see me good? I want you to put your finger on my nose, just so that you'll know that... Can you see my fingers? All right, could you see my fingers now? You can see them? How many have I up? Well, how many now? There you are, mother. You have your sight.

What has happened, Satan, a blind spirit... Now, the Bible said when the deaf and dumb spirit... Now,

the doctor would say it was--it was your ear drums went dead, or your eyes went dead, the nerves, you know. But listen. What it is, the only thing he says the nerve went dead. But what made it die? There was something taking a hold of it supernaturally. It didn't die all over your body. It just died there.

All right. Now, if I had a transparent band around my hand, holding it like that, it'd shut the circulation off. See? Well then, all the salve I put on the fingers wouldn't help it. The thing to do is get this loose so nature can flow again. Is that right?

Well, the energy of the--the sight, the optical nerve, wasn't flowing in your eye because a supernatural being, a demon, a blind spirit had caught your nerve and holding it. See? Now, he's gone. That's the reason you can see better.

You're going to be all right. Can you see good now all right? She says she sees well now. God bless you, my mother. Go off the platform by yourself, rejoicing and praising God. Let us say, "Praise be to God."

[\[Mark 9:20-27\]](#), [\[Luke 13:11-16\]](#)

**L-68** Howdy do, sister. Come forward. You want to be healed of your eyes also, don't you. Do you believe God? If He could make that woman who was almost plumb blind, and that one last night totally blind, can He give you your sight, sister? Now, what I want you to do, is to believe that This which is near now is to bless you. Now, if you will believe with all your heart that God will do it, He will flow right down to you and heal you, and bless you, and take that away from you.

Your eyes are--are going bad. They're getting worse constantly. Isn't that right? That same thing. It's a power of the devil, sister, that's shutting off... Doctors can do no more about it, because (See?), it's--it's over; he's even said so. Now, when that... It's just shutting off the nerve there, the optical nerve. The energy won't flow through it no more.

Now, the nerve's not shut off in your hand, or--or not nowhere else. It's in your eye. If it was in your ears, then you couldn't hear. Now, the doctor would say the nerve is dead. Course, he just works on the five senses. But Jesus said, "When the deaf spirit went out of the man"--the deaf spirit. "When the blind spirit went out of the man." See? He... It's a spirit, supernatural.

Now, do you believe, that upon the authority of God's Word, that I have been sent here to pray a prayer of faith for you that'll cast that spirit away from you, and you'll get well? Come forward, my sister. [\[Luke 13:11-16\]](#)

**L-69** O God, think, a white cane in her hand on the street. This is the hour. O God, seeing a vision there that they'd turned her down and nothing can be done. But Thou can heal her.

Satan, leave the woman. Thou blind spirit, come out of her in the Name of Jesus Christ. Amen.

You believe now? Why, remove your glasses and go on. Uh, huh.

There she goes without her glasses. And she was... All right. Everyone come forward now. Everyone believe with all your heart.

**L-70** Howdy do, sister. I see you're wearing glasses also. Yes, ma'am. Now, we'll... Now, I want you to--to look to--at me. Now, we're strangers, aren't we, sister. I'm not trying, just enough till I can see what's wrong with you, and then we'll go right ahead. Now, I want to--to--to speak to you just enough to contact.

No, but it's not your eyes that you're interested in. You have arthritis, don't you? Isn't that right? All right. I want you to come here just a moment.

Our heavenly Father, Satan has bound our sister, but Thou art here to deliver her.

Turn her loose, Satan. In the Name of Jesus Christ, come out from the woman.

Now, will you obey me as God's servant? Raise up your hands in the Name of the Lord Jesus. Stomp your feet up-and-down like this. The arthritis has gone. You... Amen. Now...

She is not stiff no more by arthritis. God has healed her from it. Not only that, but her eyes also is healed, which was astigmatism. It's gone from... Cataracts behind the eye. Now, everyone be reverent and believe with all your heart. Have faith in God, and God shall bring it to pass. [\[Luke 13:11-16\]](#)

**L-71** All right, bring the lady now. All right. Howdy do, sister. I--I see you're reading a--a paper here, been of the congressman's testimony in there. That was wonderful, wasn't it, mother? It's very fine. Yes, ma'am. You have several things wrong with you Isn't that right? A kidney trouble's been bothering you for time, an old female order and stuff. And then you have arthritis also, don't you, sister? I see you trying to get out of a bed at morning. You get stiffed over the night. Isn't that right? That's right. Raise up your hands. Jesus Christ makes you whole right now, sister. Let... Step your feet up-and-down like this. Stomp them up. Don't be afraid. Move your feet up-and-down like that. You can receive your... That's right, mother. Go off the platform saying, "Thank You, dear Jesus." It's over. Let us say, "Praise be to God." Our sister's healed. That's right. Now, everyone reverent as you come.

**L-72** All right, just a moment. Let me have this one more, if you will, under the discernment. That's what you wanted me to say anyhow. You were wondering. Now, don't be nervous. You see, you have been nervous for some time. Now, this that you feel now, sister, It's nothing to harm you. It's something to help you. See? It's something that'll help you. It's the Angel of God. It frightens your--your soul, of course.

Now, you're extremely nervous, aren't you? You've had that since you've--coming out of the menopause now. You've been in it for some time. Isn't that right? Exactly right. Get real weary feelings come over you. Isn't that true? And another thing, have you got sugar diabetes too, in your blood? Is that true? That is right. All right, a kidney trouble that's been bothering you. It's sore and tired. In the evening late, you go set down in a chair to take... Isn't that right?

God bless you, mother. Go off the platform and be well in the Name of the Lord Jesus.

Let us say, "Praise the Lord." All right. Everyone reverent. Now, just a minute... [Blank.spot.on.tape--Ed.]

**L-73** ...?... Like over this audience now. It just looks like kind of a milky looking, kind of like a creamy look is hanging in the building. Why, It's the Holy Spirit. And--and friends, It's just all over you. And It... If... You can be healed if you'd just believe it. Now, if I can, if God help me, I'm going to try to pray for the audience.

And I see we got some people down here in the wheelchairs. I'm going to come down and pray for you. Now, don't let me get too weak before I get to those people in the chairs.

Now. And now, sister, while you're there on the cot, try... I'm trying to see you if I possibly can. I don't know what's happened, there's two--in between here (See?), it's got me shut off. Now, try to believe with all your heart.

And you there with the crutches, my brother, in the chair, have faith now. Believe with all your heart.

**L-74** Now, will everyone help me pray for these people while we pray. Father, bless our dear sister tonight; and may she be healed now, and leave this building well in the Name of Jesus Christ. Amen.

**L-75** Come away from here. If you...?... Howdy do, little sister. Oh, my, I... What's... You know what's your... You want me to tell you your trouble? Is curvature of the spine. Isn't that right? All right. God bless this poor little girl, and may she get well in the Name of Jesus Christ.

Oh, God bless this little girl, Father. I pray that You'll heal her and make her well in the Name of Jesus Christ. Amen. You believe she'll be all right?

Come, sister. Father, I pray that You'll bless our sister, and make her well. In the Name of Jesus Christ, I ask it. Amen. [Blank.spot.on.tape--Ed.] God bless you, sister.

All right. Come, lady. Father, I pray that You'll bless our sister and make her well as I bless her in the Name of Jesus Christ. Amen.

Howdy do, sister. Yes, you--you have faith, don't you. You believe that the arthritis has left you, sister, already. You can praise Him for it.

All right. You likewise, sister. Go, believing now with all your heart and receive it in the Name of the

Lord Jesus Christ.

**L-76** Everyone believe with all your heart. All right. Do you believe it'll leave him if I ask? In the Name of Jesus Christ, may the little fellow be healed, and mother also. Go now, he's going to get well. The trouble's going to leave him. He will be...

All right. In the Name of Our Lord Jesus Christ, I ask for the healing of my sister in Jesus' Name. God bless you, sister dear.

Do you believe, sister, with all your heart? In the Name of the Jesus Christ, I ask for her to be healed. Now, that... Come, sister. You believe Him with all your heart? All right. If you will, God will let you get over the heart trouble. In the Name of Jesus Christ, I ask...?... Amen.

You believe, my brother? O God, I bless my brother for the healing of his body in the Name of Jesus Christ, the Son of God. Amen.

You believe now, brother, with all your heart? Something happened. I must tell you this. See? 'Cause you--you can't get over it 'less--'less I tell you. And if I tell you, you accept me as God's prophet? You have something you're hanging onto, that you don't give up (Isn't that right?), a habit that you have that you must give up before it... Exactly. Go. God bless you.

**L-77** All right. Will you believe, my sister? In the Name of Jesus Christ, I bless you, sister, for your healing. And go believing now, and you shall have your healing.

All right. Do you believe, my sister? So many things--weary, premature menopause, arthritis, and just also... Isn't that right, so bad. Go and be healed, sister, in the Name of our Lord Jesus.

All right. Come, sister dear. Heavenly Father, bless our sister and heal her just now. In the Name of Jesus Christ, I ask it.

All right. Are you believing, sister? In the Name of Jesus Christ, I bless thee for thy healing. Go, rejoice now, saying, "Thank You, Lord Jesus."

All right. You believe now, sister? In the Name of Jesus Christ, I ask Him to heal you just now and be made well. Go say, "Thank You, Lord."

Now, audience... People, you--you go to thanking God as soon as you leave here. Say, "Thank You, Lord. Thank You, Lord." Everybody reverent.

**L-78** Now, you believe, sister? In the Name of the Lord Jesus, heal our sister for Your glory. Amen.

All right. Now, sister, what do you think about it? Do you believe with all your heart? Just a moment. It's kind of talking there, kind of shaking me a little. Look this a way just a moment. I see something strange working on you, that... You're a little scary, aren't you? You're... Well, what it is, is the time of life that you're in. You have a female disorder. So now, I want you to go and be healed in the Name of Jesus Christ.

All right. All right. Do you believe, sister? In the Name of Jesus Christ, I ask for your healing. Grant it, Lord. Now, go rejoicing, being happy.

All right. Do you believe, sister? Would you like to eat like you used to? Isn't that right? and have a good stomach again? God bless you. Go and do just as you want to do. Amen. In the Name of Jesus Christ...

**L-79** All right. You want to be over the female trouble, don't you, sister, and be made well? Go ahead, and God bless you.

Let us say, "Praise the Lord."

I just can't hardly get...

All right. God bless you, brother. Go eat what you want to now, and be of a good courage. And God is going to bless you and make you well.

All right. Come now. All right, brother. If you believe with all your heart, you'll be made well and your eyesight will come to you good. God bless our brother in Jesus' Name.

All right. God bless you, sister. Come now. You want to get well, don't you, get over your heart trouble?. In the Name of Jesus Christ, may she be healed.

**L-80** What about it now? Everybody... What say? Want me to get in there? Is this all of them? Or have you got a few more left?

Now, they put the people over... the wheelchairs. They're going to line up, and I'm coming down, going to pray for the rest of these. And go right on through praising...?... And get rest of them...?... He's going to bring the rest of them through. All right, bring the lady right on.

Come on, sister dear. All right. Heavenly Father, I pray that You'll bless our sister and make her well in Jesus Christ's Name. Amen. How long has that been on your hand...?...

Come, sister. Wouldn't you like to eat and be normal like you used to be? How would I know that was what was wrong with you? Only through Jesus Christ. Is that right? Now, you know you're blessed of God, and you're going to get well, aren't you? God bless you, sister dear. Amen.

All right now, sister. Oh, many things you're suffering with: heart trouble, and having a bad nervous condition. O dear God, I pray that You heal our sister and make her well in the Name of Jesus Christ. Amen...?... That's what your nerves...?...

**L-81** All right. Oh, my. Brother dear, I see you're on a crutch. What do you think about this? Do you believe it to be the truth? You do? Now, I-I can't heal you, my brother. But I'll be able to know what's wrong with you, if you'll believe me as God's prophet. Do you believe that with all your heart? You do? That which is now you're feeling, and the Spirit by, that's the Angel of God.

Your trouble is unknown to man. You just get real weak, don't you, just get weak, awful weak? And you walk on that... About a--a little bitty piece of time, and then you just give out and set down. Is that right? That's right. How would I know that you were doing like that? Only through vision is only way that I'd know, 'cause I don't know you. Is that right? What it is, your nerve system is give down, brother, in your spine. Now, come here just a moment.

O God, bless this man. Give him strength. You said, "Let him that's weak say, 'I am strong.'" Grant it, Lord, as I bless him in the Name of Jesus Christ. Amen.

I want you to walk off the platform. Take your old crutch and throw it down there and go on home...?... you never have no aches.

**L-82** All right. Come, sister and be healed now in the Name of Jesus Christ of your eye trouble. Amen. God bless you, sister.

All right. Do you believe, my brother? In the Name of our Lord Jesus, heal my brother. Amen.

You believe, sister? In the Name of the Lord Jesus, heal my sister.

Do you believe, sister? In the Name of Jesus Christ, receive your healing. Amen.

In the Name of Jesus Christ, receive your healing, my sister. Go, rejoicing now. You believe Him sister?

In the Name of Jesus Christ, receive your healing. Amen. Praise the Lord.

All right... Let's all of us say, "Praise the Lord." Just raise up our hands and praise Him.

All right. Now, there's a group of people sta... down here in the wheelchairs that we haven't got to. Now, I want everybody to pray with me now. These people doesn't have prayer cards. And I'm just going down to pray for them anyhow, because they--they're setting here. Some of them, I think one or two has prayer cards. And I want to pray with them. I want my minister brothers to join in with me.

**L-83** Now, I'll be able to tell each one of them how it happened, and all about it. But to heal you, I can't. But I want to ask you something. Will you accept my Lord Jesus as your Healer if I'll come pray for you? Let some of the ministers line up here with them so... also that they can... they can be in on this, the whole...

I want the audience to be reverent. God may perform some mighty miracles right here. I just see crippled and the afflicted, real crippled and twisted up so that they can't get out.

Just let them set down there. Now, everyone reverent. Let some of the ministers stand right back here.

Christian friends, how many will join with me in prayer while I'm down here ministering to these people? Will you believe with me with all your heart? Will you be reverent and keep your head bowed,

and be in prayer? And we're asking our Lord Jesus to heal these sick and a... What if this was your people setting here. Some of them all twisted up and--and crippled, and some totally blind, holding canes in their hands. I believe our Lord Jesus will heal them.

**L-84** Now, everyone be seated, all but the cripples. Just the cripples here now. [A brother instructs the congregation.--Ed.]

Now, to you that's crippled, and all twisted and afflicted here, my heart goes out for you when you see me here on the platform pronounce blessings upon some of the people. There's been several of them here that's all crippled and twisted up has been healed. You've heard of that.

For instance, Mr. Upshaw here that was crippled for sixty-six years. There's not a one of you that was in the condition that he was in since a little boy, and tried to be healed when he was seventeen years old when he had his back first broke. He was like President Roosevelt, our late president, from his waist down, is where it had him. I only could do as God told me to do, to see a vision and tell him about it, what would happen.

**L-85** Not only he, but others have set here in wheelchairs, that's not in wheelchairs tonight, that's been healed. Many of you know that. Phoenix, week before last, and how that God taken them from the wheelchairs.

While I'm standing here, I'm watching you. I could tell you what was wrong with you. But the reason I don't some... most of the time speak to wheelchair cases, somebody'd say, "Well, anybody could look down there and say, 'That man was crippled.'" That's right.

My ministry doesn't lay so much in that; it's to see a healthy person and then tell them what's wrong (See?), healthy looking person. And if... you'll notice it.

**L-86** And tonight, the audience, to you strangers, I've tried to keep It back just as much as possible, to retain my strength to come down to pray for these people. Now, I'm going to ask you something. Do you believe that I've told the truth? You cripples and things? It... I--I'm going to come down and--and--and ask God to bless you, and pray for you each individual. And I want you to believe that God is going to let you get well.

Now, He may do it right now. If you feel that ty--the faith that you're going to stand up, all right. If you do not, well then believe that He's going to heal you. If you've got that much faith, it'll take it a long time to bring it out. But Jesus said, "According to your faith, be it unto you." But now, if you have great faith, you'll be able to be healed right then.

I see some blind men setting here with canes. I want you to believe. And I want all of the audience... What if this was your dad and mother or somebody setting here?

**L-87** Now, let's be sincere. Only thing I can do is go pray for them. Now, if they want to know what's wrong and what happened, God will reveal that. That can be done. But they want to be prayed for. And they believe if I'll come pray for them, God will let them get well. And I believe if they'll believe it with all their heart, it'll happen right now. And if they'll do it...

And if it doesn't right now, don't be discouraged. It may be in a--a half hour from now; it may be in a week from now. I don't know. But it'll be, if you believe it. According to your faith, be it unto you. If that's Scripture, let the audience say, "Amen." Now, you believe with all your heart.

**L-88** How many times we see them out of the insane institution and in straight-jackets and things, and they're home now and normal people. See? And all kinds of afflictions...

Now, the minister brothers are going to be praying while I'm praying. And I wonder if the audience will do the likewise. If you'll bow your head, and Brother Hall, you stay at the microphone here. And sonny boy, if you'll go with me down in the line.

I'm wanting God to call my boy to pray for the sick. And I'm wanting to see something happen first to vindicate it. You see? And I want him to be with me when this is going on. All right. You be talking to

the audience. [Brother Hall speaks to the audience as Brother Branham prays for the cripples.--Ed.]

L-89 Christian friends, to you who believe with all your heart... Now, everyone just as reverent as you can be.

I do believe that God has blessed each one of you for your healing. A man here is testing his eyes back and forth here that was blind. Another lady putting her feet outside of the wheelchair here, a colored lady, she's going to be up from there in a few minutes. Here's another lady has got up.

All right. Now, just everyone reverent. The Holy Spirit has... The people are blessed; I believe with all my heart.

Now, I want the audience to stand up, everyone in the building. Minister friends, I want you to walk forward now and put your hands upon the--upon the afflicted. My minister brothers here, walk forward and lay your hands on them, so you can assist them in helping them in their faith to raise up from the wheelchairs and be healed.

Now, I want everyone to raise your hands to God, like this, while we pray.

L-90 Now, lady, the colored lady here, I want you to rise up from there. And this lady here, and over there, I want you to believe now with all your heart.

All Christians pray. Now, Father, we have blessed these people in Thy Name, knowing this one thing, that Thou has promised that, "Whatsoever things you desire, when you pray, believe you receive them." If You could take that poor woman that was bound and twisted there on that cot, out of that cot, You can take every one of them, Lord. Grant just, now that they can be healed and made well. Hear the prayer of Your humble servant, Father Now, grant it, Lord.

Satan, you who bound these people, they have been prayed over. God's blessing's been asked over them. You are a loser. [\[Mark 11:24\]](#)

L-91 In the Name of Jesus Christ, rise up from there. Here comes a lady paralyzed out of the chair, coming up, ri--raised up. Looky here, coming out of the wheelchair, walking without... Praise the Lord. Here comes another one up. Another lady paralyzed from the wheelchair standing up praising God. Let's raise our hands giving God praise everywhere.

That's right. Rise up over there. In the Name of the Lord Jesus, stand on your feet. Little boy, stretch forth your hand there and be made well.

Wheelchairs are moved back. People are falling in the wheelchairs and having a glorious... Hallelujah! Praise be to God.

### **51-0506E - Calvary Temple, Los Angeles, CA (Paragraphs: 21 - 38)**

L-22 Just a moment now while the anointing is near. Everybody reverent. While she's coming, I--I wish you just know how this feels here, what a--what a feeling of a--a great supernatural feeling.

I'm going to just... Maybe I can stand up for a few minutes. That's all right.

L-23 Here's what happens, friends. Now, right now, God Who loves us all, that Being, that One, I--I... You may not be able to see It, but It... Something's happened to me. Now, It's... I--I feeled It. I feel different, kind of a strange feeling of awe and reverence. And It's here now. And there's not a thing but what He knows about. He knows all things. He will reveal it to me just as He will let me know it. All right, you bring the lady on over.

Now, this lady here is just one. We'll call maybe another number or two out in the audience. Now, don't--don't motion or hold your card to me. I don't know what... I don't want to know that. See, see?

L-24 Howdy do, sister. I want you to come just a little close. Do you had the prayer card number 3? Is that right? And do you love our Lord Jesus? Do you believe that He is near? You do? Now, that feeling... Now, audience, that's what I want you to get at. Watch the people when they come, when this is anointing like this. See? Now, I don't know nothing about the lady. And what am I trying to do now? God

knows I know nothing about that woman. Only thing that I know, that she's a lady standing there. She was called by a number on a prayer card, just happened to come up here.

You don't even have to have your prayer card. You know that. My, hardly any of them last evening had prayer cards. The prayer card just keeps everybody from rushing up at once, so we can be in order and have some kind of a system to it.

**L-25** And now, that's near. Now, in a few minutes... Now, if It would... If It does, I don't know It will. If It does, you'll see It. It'll move down over me. Now, It's--It's here now, real close. Now, the One that does that speaking is ma... just a... Is right here near. I don't see It. I have seen It. Hundreds and thousands have seen It. But now, It knows just what's wrong with her. It's the Spirit of God. The same Pillar of Fire that led the children of Israel is right in our midst now. See?

Now, if It does... Now, if someone don't get in line out there... There's so many people trying to believe now. And now, but you watch her, just what takes place now.

**L-26** Now, I want you to talk to me, sister, so that I'll be able to see just what's wrong... Now, I--I can't heal you, you understand that. You--you know that, sister. Yes, it's the Lord Jesus. You're Spanish, I suppose? Italian. And are... Do you believe Him now with all your heart? With all your heart now? Now, if you and I... Are you American borned here? You born from across the sea. Well, you from across the sea and me over here, it'd have to be some--something or another contact. Is that right?

Yes ma'am. Now, this that you feel is the Spirit of the Lord. And now, I'll have to let Him do the speaking. 'Course, you being the first patient, it may be just a little strange for a moment. You see?

**L-27** But you--you... I see that there's been a great change in you and your nerve condition in the last year or so. Isn't that right? You're begin to get extremely nervous. Isn't that right? And now, that you might know what that is, it's a--it's a strange feeling that just strikes you... It's spasmy like. It'll strike one time; then it'll be off and you'll feel good; then you'll... Is that right? I see you. I see you where you're standing, and where you're--you're--you pray about it. Sometimes when it hits you, you try to go and pray. Isn't that right? I see you with a light looking like dress on. And then, you are... You're su... There's something wrong with liver too, isn't there? Don't you have a liver trouble? Isn't that... Yes. Uh-huh. It comes down and... That is right. And you have something wrong in the... and you... Well, you're just a almost a wreck, aren't you? Don't you have a hernia also? Isn't that right? Both sides are hernia'd. Isn't that right? Yes ma'am. I'll call... Yes, ma'am. Isn't that true?

You... But you've tried so hard. I see you've been prayed for from this, and it seems to get no results. Isn't that right? See? Yes.

**L-28** Now, I want you to come here just a minute. Now, sister, I--I--I'm here to try to help you. And I--I want to help you. And the only thing that I can do now, is... Jesus said, "If ye believe that I am able to do this..." And do you believe now that I have told the truth about this Angel, and He told me if I get the people to believe me and be sincere when I prayed, nothing would stand before the prayer. You believe it? Come here and let me pray for you.

Our heavenly Father, seemingly while speaking to the woman, her faith moved way up. And knowing that this ulcerated liver here will cause great trouble quickly if something isn't done... And Father, I pray that You'll heal her. Grant it, Lord. I lay my hands upon her in commemoration of Your Word. The last Words that uttered from Your lips as You were going up, You said, "They shall lay hands on the sick; they shall recover." I believe You, Lord. In the Name of Jesus Christ, I ask for her healing. Amen.

**L-29** What do you think, sister? You're going to be well? You are, sister. God bless you. Go... You've been worried about your eyes too, haven't you. It's been bad. Yes. Weak--weak eyes. Go, take them off, and just go on, and forget about it, and be you healed.

**L-30** Now, the Lord is here to heal anybody. Now, let's see, what was her prayer card number? 3? Let's try another one, a little... Let's try 7. Who's got number 7? Just a card number 7. If 7 isn't here, let's try

25. Here--here's... Wait a minute. Right here. Number...

That little boy started up. Was his number 25? Well, bless his little heart. Bring him anyhow. God bless his little heart. Oh, isn't that lovely, a little lad? All right. Let me have the--this man first.

**L-31** Howdy do, sir. No, I just want to speak to this man just a moment. Sir, I want you to come this way and believe with all your heart. I want to ask you a question, sincerely. We are strangers. I--I do not know you, and I don't know whether you've ever seen me before or not. I--I'm just talking now before this anointing comes. Therefore, if there's anything known about you, it'll have to come supernaturally, won't it, sir? That... You...

Just so this audience of around, nearly three thousand people I guess, wants... Just so that... I'm trying to get before the audience, not myself, dear brother; I'm trying to get the Lord Jesus before the people. And He sent this Angel to vindicate that I am His servant. And He sent me to--to prophesy in His Name, and to say things. And He gave these signs of vindication. You believe that, do you, sir? With all your heart...

**L-32** I feel now just your welcome spirit, that you are a believer. Now, I want you to come just a little closer to me. I--I am not trying to--to--to read your mind, sir, at all. You don't believe that, do you? No, 'cause that would just be something that you had on your mind. I pray that God will go back and do something that's not even on your mind so you'll know. You see?

Now, the... There's something wrong with you, no doubt, or you wouldn't have gotten that prayer card. And--and then you--you've come up here to--to be prayed for. And you've confessed your faith by believing, that He will heal you. Now, what I'm trying to do now, is just speak to you to contact your human spirit. That'll br... Your faith... You see? Your faith operates this gift. See? Your faith brings it down on me. And then, when It does, It starts...

**L-33** See, Jesus could do nothing except the people believed Him. Is that right? You ha... You ha... See, you believe in God; you believe in the Son, believe in the Holy Ghost; that's the Trinity. We believe in that. See? But then, in order for this to operate, you must believe me, not as Them, but They sent me here for this. You understand? Yes, sir. You understand.

My dear brother, I--I... You can tell now that something's taking place, can't you? I feel it. Yes, sir.

Now, you have... You've been a sufferer of TB. Isn't that right? Yes, sir. Yes, sir. You... Say, you've got... You've got a desire of so... Yeah, you're a minister, aren't you? Isn't that right? Yes, I... And aren't you planning a trip on going somewhere, maybe a... Isn't that right? Across the sea? You're going to missionary, aren't you? God bless you. I see that that's so close there. My brother, go in peace. The Lord Jesus has made you well. Go, God bless you.

**L-34** Let us say, "Praise the Lord." Do you believe Him now with all your heart? Now, the man's healed. I seen him getting ready, making himself ready. And I seen trees a blowing in another nation. And I couldn't help from saying it; It just spoke right out to me.

Now, now, you all are aware there's a supernatural Being here. Is that right? It's the power of the Lord Jesus Christ. These things that I do shall you also. Is that the same way that...

How about that man getting hisself ready going somewhere, and something's going to take place, and so forth. I don't remember it just what it was. But anyhow, what I told him, isn't that just like when Philip come to see the Master? Well, then the Master's Spirit...

He said, "A little while and the world will see Me no more."

Now, the world would come in here; they'd say, "Mental telepathy."

"But yet, you shall see Me, for I'll be with you, even in you to the end of the age." Amen. Now, you believe, don't you, with all your heart. [\[John 14:19\]](#)

**L-35** All right. Is that enough to prove it to you, that the Lord Jesus... What? All right, we'll start the prayer line in a few... If you wish to, or you want to call some more out of the audience. I don't like to

get too far under this...

What? Oh, excuse me. All right, honey. Come here. I'm sorry, honey. I'm awfully sorry. What a fine little lad. Now, just a moment.

Now, little lad, I want you to come here just so you just lean up against me, like this. I want you to put your arm around me. I think you're a fine little boy. Now, so that the people can hear you, I will just look this other way, so that I'll not be looking at your eyes (You see?) so it's just... I'd say for the people to look at me, but I want you to hold on to me.

**L-36** Now, in here... Now, a long time ago, there was a wonderful Person here on earth, and His name was Jesus of Nazareth. And He was the Son of God. Do you believe that? You, you do. And He... And He came down on the earth, and one day the disciples were... They were by Him. They--they put the people away, because the people were thronging upon Him. And they'd touch Him, and virtue would go out, and He'd get weak and so forth. And so they had to keep the people away from Him.

But some little boys, about like you, come up one day, and little girls. And He... They, the disciples started to put them back. He said, "Suffer little children to come to Me. Forbid them not, for of such is the Kingdom of God."

**L-37** Now, if Jesus was here tonight, He'd take a hold of you, and you'd set on His lap, or something. Wouldn't you like to do that? Oh, I would too. My, I would. Now, if...

Now, you believe that Jesus of Nazareth sent Brother Branham down here to do His work? You believe that.

Bless his heart. That little faith pulls it right down. There it is. This little lad is suffering from a nervous trouble. Isn't that right, sonny boy? That's right. You can't sleep at nights, can you, honey? Honey boy, you've had a great desire in your heart. You wanted to be a minister, isn't that right? That's right. God bless you, my sonny boy.

Our heavenly Father, I bless this little boy in Your Name, and may he be healed. And may he go home tonight and sleep just as sound. May the nervousness all leave the little lad. And may You give him the desire of his heart, to become Your servant. And may he grow in strength and favor before God and man. May he make a great minister of the Gospel, Father, if You tarry that long. I bless him now for his healing, in the Name of Jesus Christ, the Son of God in Whom he loves. Amen.

My little boy, the nervousness is going from you. You're going to be a normal well little boy. God bless you, honey boy. God bless you, honey boy.

**L-38** Oh, my. Isn't Jesus wonderful? He certainly is wonderful.

Now, that you want to call some other card, or... All right. There's--there's... Oh my, isn't that wonderful. Eighty-eight and about six there, talking to each other. Both of them healed by seeing a vision of the Lord.

Mother, what was said to the little boy, it said... Praise the Lord. Is that the truth? Was that the truth, whatever it was? Father, is that right? If it is, raise your hand so the people can see it. That's truth, for the parent says it's true. Hasn't the little boy longed to be a minister, talked about it? I could hear him as he said, "I want to be a preacher." You see? I heard his little voice out. And I know it's true when I seen the vision of him, seen his nervousness, restless at night, turning, get up, and so forth. Isn't that right? Makes him weak in his kidneys and everything. That... Isn't that right? Now, he's going to get all right. He will be over that, and he's going to be all right. Now, don't fear.

### **51-0508 - Calvary Temple, Los Angeles, CA (Paragraphs: 70 - 86)**

**L-71** All right, sister, you believe with all your heart? Suffering TB ain't you, sister? You've had tubercular a long time. Isn't that right? How would I know what was wrong with you if God wasn't here? Just stand and let--look at me just a little bit, I want to talk to you.

Now, you're a stranger; you just walked up here. And when I looked around at you, something spoke

from you.

I tell you, sister, you're worrying a whole lot too, aren't you? Huh? You've had this before. Isn't that right? And you got well, and you're afraid it's come back on you again. Isn't that right? I want you to go from here tonight and believe with all your heart that it's finished, and you'll be well. You believe me? Come here.

Our heavenly Father, we bless our sister for her healing tonight, in the Name of Thy Son, Jesus Christ. Amen.

Now, look sister, quit your worrying. Go on off the platform, eat, have a joyful time in the Lord and be all right.

L-72 All right. Everybody just as reverent as you can be now. Just a moment. I want just the anointing to get down on me and then I'm going to have the ministers to step out here around me, like that, so we can start praying for the sick.

L-73 Tomorrow night we want everything lined up here just as close as we can for all discernment, if we possibly can. Just so that... We'll know and the Holy Spirit will be here to speak with us. And now, He's here now. But after a few times that I can feel the anointing coming real deeply, then It'll--It'll go to moving upon the people.

All right, bring the patient.

L-74 Are you the patient, sir? All right. You look rather pale; you're bound to be sick. You believe me as God's servant? You do, do you, sir? All right. You're suffering with heart trouble, aren't you, brother? Go on off the platform now, the Lord Jesus Christ of Nazareth, make you well.

L-75 Every one be reverent, everybody just as reverent as you can be now. All right, just, no one... Just be reverent. Now, just in a moment. Now, everyone be--be reverent.

L-76 How do you do, sir? You love Him, don't you? How marvelous. You have a good, fine, spirit, my brother. God will bless you. And the great thing that you thought you could get rid of that TB, you'd just be fine and dandy, and God would make you well. He has. So you can go on off the platform now. Go on to the fields, where you're wanting to go on, and God bless you, my brother.

L-77 Let's say, "Praise the Lord," everybody. Bring the patient.

Now, howdy do, sister? Now, we're strangers aren't we, sister? I never seen you in my life. Some... They give you a prayer card and had a number on it, and you lined up in your number there. Is that right? And I--God knows I don't know what you got wrote on your prayer card; that's nothing to me. I don't know. But I--I will be able to know by this gift that God has given me, what is wrong with you. Will you accept it? And if I will be able, through the power of the Holy Spirit, which you now feel... Is that right? Been having lots of trouble.

Let me tell you something now as I see you. I see the vision of it. You--you walk strange; there something... It's an arthritis, isn't it? Isn't that right? That's right. It's acid in your blood, which is cause you... You get stiff and everything, isn't that right? Sometimes have quite a time of it, early in the morning especially, when you get up. Is that right?

Will you believe me as God's prophet? Go off the platform and say you're well.

L-78 Ministers walk over here, get right over. Ministers line up here, just... I don't want to get too deep under that before it happens. All right.

God bless you, my mother, and heal you.

L-79 Now, let the ministers get right over here in the line. Where's that minister, evangelist, Brother Cain, that never had his name... Yes, it's a praying King, Cain. If he is, let--bring him in here too. And line up here ministers, double line, right along the side here now. All just line right up this a way now, over here, yes, that's right, right down in there.

Now, you people standing out there in the line... Now, ushers, I want you to watch the line. Ushers, up here in front. I want you to watch the line. And as soon as this line goes out, let them over there raise up, then these here.

And every one of you now, together, let's make a committal. All you that wants to be healed tonight, put your hand on your heart.

Almighty God, hear the prayer of Your servant. You see us, You see the sparrow fall, and I know you see these people. And I pray, Father, that You'll heal every one of them. And now along with them, we commit ourselves to You for healing of the body, in the Name of Jesus Christ, the Son of God. Amen.

**L-80** May God's blessings rest upon you all as you're coming. Now, reverently, let some of the ministers line up here now, on this side over here too, brethren, a double line over here. And I want you so you can lay your...

Let the lady stand there, that's all right, Billy. That's all right, let--let the ministers stand right there. All right.

Now, come on brethren, if you all want to get into the line here, and line up here and be standing for prayer.

**L-81** Now, I want the audience to see that I'm trying my best to get Jesus before you, and my brethren before you. See? I love these men. They're God's servants; they're God's sons. If we go to heaven, we're just...

All right, Brother Cain, come right out here now and stand here so you can pray for these people too. I want you to stand right over here.

Brother Cain will be represented here of nights to come. Now, I want you to come hear him. And now, we're standing here now to pray for the sick. Now, everybody reverent as they can be. Now, as the people begin to come...

Now, I want you people to look this a way. Now, there's going to be many people healed here tonight, because these ministers are going to lay hands upon them, and God is going to heal them according to their faith.

**L-82** Now, this gift of this knowing knowledge, and so forth like that, as I say, just because it don't fall upon them brethren... It may never; I don't believe it will as long as I'm living. After I go, it'll probably come on someone. But look, because the Holy Spirit, the same Angel has already said that. So I--I know that's--that's that way.

**L-83** Now, notice. But these men are called of God to pray for the sick just as much as anybody is called (See?), much as anybody. Now, as they lay their hands on the sick, I want you to watch now, as our little Brother Cain here, and these others, lay their hands on the sick, and these pastors. Watch what happens to the sick. If they'll believe and pass off this platform, they'll get well.

The cripples will lay down their canes here. The cots that the ushers pack up, leave your cot laying here. Push it over to the place and walk off. The wheelchairs, push your wheelchairs over this way, walk off this a way.

Are you going to do it? Are you believing God? Are you accepting Him? Friends, quit playing now, come on, let's get down here to God, right now.

All right. I want just a little anointing, so that I can see what's taking place. Now, just a moment, where I can step back here where you can watch the ministers gather in, where I will just be one of them laying hands on the sick. Now, reverently.

Now, which is the patient? Where is the patient?

**L-84** Are you the patient, sister? All right, you come here. You know that there's no connection between you and I. I know nothing about it. Is that right?

Now, this is going to be harder. 'Course, standing this group of ministers and everybody, different

human spirits a moving.

Now, brethren, if you will, just be real reverent and don't put your mind on me, just be looking.

I want you to look this way to me, sister, and believe with all your heart. All right. You accept me as God's prophet? Do you believe that what I say is the truth? You do.

I see a lady standing before me. You have many things wrong. You've had one trouble that's bothered you a long time, and you're suffering with an arthritis. Isn't that right? An old female condition's been there for a long time. Isn't that right? All right, raise up your hands like this, say, "Lord Jesus, I now accept You as my personal Healer, right now. And my Healer, I am now healed by Your stripes."

Raise up your hands and say, "Praise the Lord." Now, raise your feet up-and-down, like this. You have no more arthritis, sister. The female trouble has stopped, and you're going away completely well.

**L-85** All right, bring the next patient here.

Come here, lady. Now, you're a stranger to me, aren't you? I wish you'd turn this way just a little, this a way. I do not know you, and you do not know me. We're perfectly strangers. But you're aware that there's something going on here, don't you? You know that. And as I'm talking to you, you know that you're being contacted by some being of some sort, isn't that right, in the supernatural realm?

Now, before me sets a table with food, and a woman refusing it. You have stomach trouble. Isn't that right? Go eat what you want to; Jesus Christ will make you whole.

**L-86** Now, my Christian friends, do you believe my brethren? Do you believe what the Spirit of God is in our midst? Gather in around here then?

Everybody in the audience, with your heads bowed, let's pray now as these people pass through the line, now as they go by. All right. Everybody bow your heads and pray.

Sing "Only Believe" out there, you, as they pass through. Ministers lay your hands upon the sick now, as they pass through. Everybody in prayer now, as we sing.

Only Believe,

Now, as you come through, believe. [As Brother Branham continues to pray for the people, he cannot be heard clearly--Ed.]
