## **53-1100 - Sports Center, Owensboro, KY (Paragraphs: 0 - 14)**

L-1 I believe I've seen you somewhere. Look like I've seen you, where you from? Louisville; I thought I'd seen your face somewhere. I wasn't sure, but only God knows what's wrong with you, as far as that is concerned. He knows, I don't; but God knows.

Do you believe that He could make manifest His Being and His Deity, here tonight? If He would, would you accept Jesus, the Healer? Then if the Word declares that where two or three are gathered; that's the smallest of church, just three people, or even two; He'd be gathered with them. And if He's gathered with them, in His resurrection, then He's gathered here tonight. He's resurrected from the dead. Then as He was then, so is He now. And if I talk to you, like He talked to the woman at the well, then He would know just as... I... He'd let me know just where your trouble was, and in doing so would you accept Him as your Healer? You would. [\[Matthew 20:18\]](#), [\[Revelation 1:18\]](#), [\[John 4:1-21\]](#)

L-2 I believe you love Him. Your trouble's in your throat. You have a... you have a--a growth of some sort, right on the inside the throat on the adam's apple. Come here, just a moment.

Lord, who made the Heavens and the earth, and all things that in them is, we pray for our sister tonight, suffering here with these diseases of her body, and afflictions. Thou can make her well, Father. And I pray that in the Name of Thy holy Child, Jesus, that at this very hour, that You'll heal her. May she return to Louisville, happy, rejoicing, and never be bothered no more; for cursed be the Devil. And we come with this assurance and this authority that Jesus Christ the Son of God; Whom I've claim have seen twice; I pray that through His Sovereign suffering, and by His stripes, that she was healed. And as her brother, I now take the initiative and say to Satan, that he can't bind her any longer. She's come believing, and I rebuke Satan, in Jesus Christ's Name to come out of our sister. Amen. [\[Isaiah 53:5\]](#)

All right, now, as you go to your home, sister, go believing with all your heart; all that will leave you. Your infection, colitis, growth on your... female trouble, it's all gone from you. You can go rejoicing and thank God.

L-3 All right, come, will you lady? Now, I suppose we are strangers, I don't think I've ever seen you. But God has knowed you since you were a baby, before you was a baby. You could've never come on the earth, if it hadn't a been for God. Isn't that true? So I don't know you, but He knows you. He knows me. He knows all about both of us. [\[Jeremiah 1:5\]](#)

L-4 Now, it--it's very hard, Christians, I want you to be in prayer. See it's spirit all around, see, and usually... It was easier down at the other place, because I had the patient to myself. But everywhere a human being is there's spirit, see. And spirit, no matter whether it's faith, or whether it isn't, you still, down in the human heart... If you only knowed the sensitive that the Holy Spirit is, and it does make it very hard.

L-5 Now, it won't, per--perhaps God will be merciful to you lady. But if God will help me to see what is wrong with you; if it's sin, He will tell it. If it's something you haven't done, He will tell it. If you're standing here as deceiver, you'll know about it in a few minutes, and probably the--they'd pack you off the platform. But if you're standing here as a Christian and as a believer, which I believe you are a Christian, you'll... you'll be healed, if you'll only believe what I have read from the Bible, and what God will manifest the truth.

L-6 Now, if Jesus was standing here, wearing this suit that He gave me; like the woman at the well, and

talking like we are; He'd know your trouble, wouldn't He? Just like He knowed her trouble. Now, as soon as she found... He told what her trouble was, she recognized Him as a prophet, and saying that she knowed that Messiah was coming. And He said He was Messiah. [\[John 4:1-21\]](#)

**L-7** Yours is a tumor, you have a tumor. And it's seriously, and it's a--a choking sort of a--a spirit. And that tumor is--is in your throat, the doctors looked, said it's in the gland, in the throat, on the throat gland. Is--is that the truth? Now, what--what was it? What is it? [The sister says, "It's on my gland."--Ed.] It's a gland, oh gland, well whatever it was, see... Now, what you heard me say, you heard my voice, but that wasn't me. The best I remember, a second or two ago, I was in either a doctor's office or a hospital, and you were being examined. And didn't the doctor have his hands up in this way, or something or other, on the throat, is that right? Is that the truth? Well the... You believe that Christ is here, the Son of God, Who I'm trying to represent to you? Do you believe He will help you be well? Come near.

**L-8** Almighty God, Oh to this poor, little, old mother, Thou art near to help her. And I pray for Divine mercy, Lord, and You know how I'd like to see her be made well, Lord. That would just make my heart so happy. But, it's beyond my strength and power, and I pray for mercy. And now, Lord, forgive us of our trespasses, and pray that nothing will stand in our way now. And now, Lord, help me to challenge this enemy that's trying to take her life.

**L-9** Now, Satan, I ask in Jesus Christ's Name, as I place before me, knowing that I come in this challenge of faith. You're exposed here tonight, at the platform. You think you can hide, but you can't. God knows you, and I'm a--acting with all these others as His servant. And we're claiming tonight, that Jesus Christ; the One that conquered you and all your powers, and stripped you of everything you had, all fear, all your powers; is our Lord. Who's commissioned us to go into all the world and to lay hands on the sick and they would recover, and to cast out devils; and thou art a devil, a choking spirit. Now I command you in the Name of Jesus the Son of God; with the authority of God's Word, by the anointing of the Holy Spirit, a gift ministered by an Angel; come out of the woman. Let her go, in the Name of Jesus, the Son of God, may you leave her.

God bless you, sister. Go, rejoicing now, and be happy. Let us hear what happens to you. God bless you. [\[Mark 16:15-18\]](#)

**L-10** All right, come.

You're very lovely, be reverent. Now, just a moment, friends, please, just--just be reverent with me, and bear with me, if you will, as my Christian friend. It's, it's hard to get bearing, you see, it's another world, you see, I... Sometimes I wonder if I'm standing in another place, looking at another vision. This is two weeks for me; and just a little bit, weakens me very much. You shouldn't have to need anything else, you ought to believe God right now, see.

**L-11** But, lady, I suppose, we are strangers, you--you and I. You know me? I don't... Where you from, here in the city? [The sister replies, "Toledo."--Ed.] Ma'am? Toledo, oh, you've seen me before. [The sister speaks to Brother Branham--Ed.] Oh, you've been healed before; in our meeting? All right, that's fine. Of dropsy, you say you had; in Battle Creek, Michigan.

Well, that's when the Holy Spirit called me out of that big meeting, and sent me to another place. You remember that? Where the place was packed and jammed, yet the Holy Spirit stopped me right in the middle of that meeting and sent me over to another place. You heard what happened over there. He's just God. He just knows all things, does all things well.

**L-12** Now I want you to look onto me. Was you in the prayer line, or was you out in the audience? Oh, It called you out in the audience, and you were healed of dropsy.

Here's a testimony while I'm resting, yet. The lady was sitting in the audience, I believe at Battle Creek, you said, and was called out in the audience, made well of drop--dropsy. [The sister speaks to Brother Branham--Ed.] She had a test recently in the hospital, and the doctor says, "It's clear, there's nothing of

it no more." Sitting out in the audience; sitting out there just praying, just like you are now, see.

**L-13** Friend, surely you can believe. Now, for our sister, now, let's reverently and see, now, there's perhaps something else wrong with her. God knows, I can... don... He knows; I don't. But He can tell, and maybe that'll help her, 'cause it was probably told her what was wrong with her, and what she'd done, or what to do, or something another; and that's why she's come tonight.

Now, perhaps if she hadn't have told me that, He would have told me that, but it's... She's told me that, now I don't know what He will say. But I just want you to look and believe that you're in His presence, I'm His servant; you're my sister. And only thing I know of you, is just what you've told me now; and thousands of people, I would never know one another, like that.

**L-14** But, you--you're extremely nervous, and there's been something that's happened to you. Yeah, you've just come from a hospital, I see and they'd examined you, there's something about your fingers or body; you're becoming real stiff. You can't shut your hands and your body being stiff, is that right? They told you, I heard a tall, thin man, wearing a doctor's coat, said, "There's no cure for that." Isn't that true? That's far as he knows, there's no cure. But there's a cure right now: that's Jesus Christ, the Son of God. Close up your hands.

In the Name of the Lord Jesus Christ, be made well. May God of Heaven rebuke this devil and make her well. And she can go back and start an old fashion revival in the city, and be made well in Jesus' Name. Now close your hands up, like this. That's it. Now raise your feet, up and down, like this. He--He's touched your body... ?... see, there you are. Now, you can go off the platform, rejoicing. Let's say, "Thanks be to God."

### **53-1104 - Sports Center, Owensboro, KY (Paragraphs: 31 - 45)**

**L-32** How many remembers in Acts 19 where some boys tried to cast a epileptic spell out of a man, and the demon come upon the boys; and they all took epilepsy, stripped their clothes and run through the streets? Remember that?...?... Now, be just as reverent as you can.

I want to talk to her. And now, if this woman, she raised her hand; she doesn't know me. And I--I--I know not her. But God knows us both. Now, He knows what she's done in her life, knows what I've done in my life. Now, He can reveal it to me. And if He will, how many of you will accept Him and say, "I believe Jesus Christ is here."

Does--does anybody out there know this woman? Raise their hand. Anyone know the woman around here? Yeah, I see people that knows her...?... Now, I just want to talk to you. [[Acts 19:13-16](#)]

**L-33** Now, If Jesus has risen from the dead, as He said that He--as we know He has, then He said He'd be with us in...?... all the way through to the end of the world. That right? Then if He has risen from dead, He said, "The things that I do, shall you do also." He said He could do nothing except the Father showed Him. In other words, God the Father was in the Pillar of Fire. That was God the Father. And then no one could touch Him, not even Moses. Even if a--a beast touched the mountains it was--it had to be killed with a dart. You know that story. Well then, that was in the burning bush, a halo of fire, a Pillar of Fire, and then that Pillar of Fire come down and was made flesh among us. That same Pillar of Fire was God yet. [[Matthew 28:20](#)], [[John 5:19](#)], [[John 14:12](#)], [[Exodus 19:1-25](#)]

**L-34** Watch. And then, when this Son of God died, then His Spirit came back into men, sinful men. See? That was a holy, virgin born... Come back... And that makes God like a three foot rule. See? The first twelve inches God, the Father; second twelve inches God, the Son; third twelve inches God, the Holy Spirit. That's the reason we was commanded to baptize in the Name of Father, Son, Holy Ghost. But it's the same God, not three Gods, which, that'd be heathen... Our God... But it's our God, one God. It's God unfolding Hisself down to man. And the reason He's doing that, so He can get down and live among men. Isn't He lovely? Now, He's done that so that He can help you tonight.

And here, me a sinner, like you, saved by grace, but God has unfolded Himself down into mortal being, that He could take through one and help another. Not... He's--I couldn't heal you, because that's already did at Calvary. I couldn't forgive sins or heal sick. Nobody could. God did that. But now, gifts are put in the church to point to that. [[1 Corinthians 12:1-31](#)]

L-35 Now, I'm carrying a conversation with you like Jesus did with the woman at the well (Is that right?) to find out where her trouble was. And you're conscious that something is near you. If the audience might know, that feeling is strange: you know you're in the Presence of a Divine Being somewhere. You don't know just what's taken place, but something strange taken place, isn't it? If that's right, raise your hand. See? Now, I'm not reading your mind; it's just an angelic Being. You're sure of that. [[John 4:1-21](#)]

L-36 Isn't your trouble in your nose? It's--it's a cancer--a cancer in--in the nose. And you're also disturbed about someone, it's you got a boy, and the boy's in the hospital. Is that right? And he has stomach trouble, something in his stomach. It's cancer in the stomach. Is that true? Now, mother, that was my voice, but it wasn't me. See? Ever what was told you, was that the truth? Every bit of it the truth? You know... How would I... I know nothing of that, do I? Well, ever what it was, is the truth. Then there's something here that's revealing to you something about yourself. Is that right? You accept it as the Angel of God sent from the Presence of God to help you? You do? Come here just a minute. Would you bow your heads, please.

L-37 Merciful Father, as I lay hands upon our sister and ask for Divine mercy, that You will heal her body and bless her in every way. And whatever she has need of, I ask Thee, our heavenly Father, to supply everything she has need of. Heal her and make her well. Grant it, Lord. I pray this prayer and send it to You because You've said these words, "If they lay their hands on the sick, they shall recover." And I ask for her recovery as I ask in Jesus Christ's Name for this demon to leave her. Amen.

Now, God bless you, sister. We want you to report this if you... You believe you're healed? All right. You live close now. I want you--I want you to come back and testify in a few days and tell us what's happened to you. Will you do that? God bless you, sister. All right. God bless you, my sister.

L-38 All right, bring... Do you believe with all your heart now? All your heart? The more you talk to people, the more it--it reveals. You see? Usually It don't say very much of people, because a vision takes strength from you. One vision will take more strength from you than preaching all day long.

Howdy do, lady. I suppose we're also strangers, are we? And we're strangers. That... God knows us both, doesn't He? We were probably born miles apart and years difference, and... But God has fed us all this time and we're both in His--right here, before Him tonight. We have to stand by our testimony. We rise or fall by Jesus Christ. Is that right?

L-39 And you're just a person that was out there and--and called up here to the platform, and first time we met in life. Yes. But Jesus knows us both. You're a Christian, and now I get... I believe that, mother. What? You remind me of my own mother. I--I believe that with all my heart, that you're a servant of God. You're afflicted?... [The woman speaks while Brother Branham also speaks--Ed.] God bless you for that. Now, you're know that there's something another that's reacting on you now, something...

L-40 If you'll notice each night, as faith begins to move up, you see what's the difference as the patients come. Wait for a few nights. As God settles on the meeting, you'll look and you'll see things like you have never dreamed of seeing. When the people... You're just a little scared now, many of you. Don't say you're not. Uh huh. I feel... I know. See? You're just a little... "Well, wonder what?" That'll all wear away in a few days; you'll come into one Spirit and one accord, and then you'll see the Lord go to moving greatly. See?

L-41 Now, mother... 'Course, you and I, being strangers and never met, God will have to do something here to...?... But if He will do something, maybe, something about your life somewhere, or something's taken place way back down the road when you was a little girl or--or do something another here, that's

absolutely the truth, and you'll know it's the truth, then will tell you what the future will be... If you--if that was true, then you'd know what the future'd be the truth, wouldn't you? But you know us knowing not one another, but He's here and He's love and full of compassion. He's that.

I want you to look at me. Not--I don't... You see, what I mean like that--like Peter said, "Look on u--me," (See?), as he passed through the gate. In other words, just to get his attention. See?

L-42 And I believe it was Jehosophat, one time, went out to see the prophet Elijah, and he said, "If it wasn't..." There's a whole bunch of the kings: three of them, and one of them was an unbeliever. He had been worshipping idols from his mother, Jezebel, and the prophet got all disturbed. He said, "If it wasn't I respected the presence of Jehosophat, I wouldn't even look at you." See? The prophet was angered and he.... That's strange to think a prophet would get angry, but he did. And they had to play some music to make him get (That's right.)--to make him get in the--in the Spirit. When the Spirit came upon him, was then he saw a vision and told them what to do. Is that right? Now, it's the same God that lives tonight. That's right. The same God. Elijah's gone on, but God hasn't. God takes His man, but never His Spirit. [\[Kings 3:11-19\]](#)

L-43 Now, I've talked to you for a purpose (See?), to contact your spirit. And now your spirit's falling right in line with the Angel of the Lord. You got a--it's a--it's a gallbladder or some... Gallbladder trouble. See? Yes, ma'am. And I see you was in a doctor's office or something where there was taking a picture. And then you've had a... I see something another: you're alarmed about it being a cancer or something in your... You thought it was a cancer. Yes, sister; yes, ma'am. It's a nervous condition. And I tell you... Long time ago or something, you've had a operation on the head or something or other. It's something taken away or something. Yes, that's right. Un huh. It's a... It was a... Yes. Is that the truth? What was it? I just seen an operation being performed on it. Do you believe that God will make you well? If I ask Him, do you believe, audience, that God will heal this woman? Will you pray with me for her? Come here, mother. I want your hand. When I would take a little old wrinkled up hand like that, you don't know how it makes me feel. I think of my own mother who's been in... That's probably stroked back the tears from many babies eyes, cried and rocked them to sleep, done a many hard days work, washed. God bless them.

L-44 Our heavenly Father, as I hold this little feeble hand tonight, I'm thinking of my own little old mother, back yonder tonight, praying. And I pray for mercy for this, our dear sister. I pray that You'll take away this hideous demon. Take it away from her that she can be well again. Grant it, Lord. And now, Father, I pray that You will fulfill what You said in Your Word, "In My Name they shall cast out devils." You said so, and I believe You. And now, upon the authority of Your Word as Your servant, coming in a representative way of Calvary, where You won all the victory over the devil and all principalities... And now, Lord, as representing You here on earth, I challenge this demon in a duel of faith, and say in the Name of Jesus Christ, come out of the woman; leave her. God bless you, mother. Go on, eat your supper now. God be... Let's say, "Thanks be to God." Amen. Sure the woman will get well. You believe? [\[Mark 16:17\]](#)

L-45 Have faith. Believe with us. Now, everyone bow your head. This man's deaf; I feel the spirit moving against me, and it's deaf. Just bow your heads till we get him hearing some. Come here. Huh. O God, Creator of heavens and earth, Author of everlasting life, Giver of every good gift, send Thy Spirit upon the man and heal him. And this demon has come upon the man to cause him to walk before a vehicle and be killed, sent to a premature grave. God, he's come reverently tonight to the platform to be healed of this horrible thing. And I pray for faith, Almighty God, that'll make it leave him. Now, hear the prayer of Your humble servant.

Thou spirit of the devil that has bound my brother, I charge thee by Jesus Christ, the Son of God, Who come to this earth and fought principalities and robbed Satan, and you have no legal rights to hold him any more... And we stand under the commission of Jesus Christ, said, "They shall cast out devils," and

come out of the man; in the Name of Jesus Christ, leave him. [\[Mark 16:17\]](#)

**53-1106 - Sports Center, Owensboro, KY (Paragraphs: 54 - 74)**

**L-55** Everybody, just reverent as you can be. How do you do, sir. He's arrived after all. You believe that He's here to make you well? You know, there's not a way in the world for me to know anything of you. You are a man; I'm a man. We just come together. But you're seriously and dangerously in need. You have... Your trouble's in the rectum. You have a growth there, fixing to operate, malignant. You come from Oklahoma. [A man speaks to Brother Branham--Ed.] There's only one hope for you: God to be merciful to you. You believe that God will help you? Come here.

Our heavenly Father, we ask for Divine mercy, that Thou will bless this man and will help him. He longs to live, Lord. He's traveled far. The doctors, Your servants, are doing all that they know how to do to help him. And I pray for mercy. And now, Father, this demon called cancer, that's taking his life, I ask You for Your glory to rebuke this horrible thing and may it leave his body. And thou demon called cancer, I adjure thee by the Son of God, Who I represent here at this pulpit tonight, that you come out of the man and leave him.

All right, brother, you believe now that God will let you get well? All right, I want you to give us a testimony, or write to us and let us know, will you? God bless you, let's hear from you now before you leave.

**L-56** Now, a growth... just before...?... Do you know what a cancer is? In Bible terms, it's a devil. There's one time where you wasn't nothing, but did you know you originated from one germ and begin to multiply cells? And your life behind that one cell was life. And a cancer is a life, and it come on you another life that doesn't belong, and it's multiplying cells too. And now, it's a devil; the Bible declares it to be so. And Divine healing, only thing it does, it just takes--makes the life of the thing leave and the growth goes away.

How do you do, lady. Do you believe with all your heart? I suppose we're strangers. Perhaps we've never met in life. All my life I've never seen you. I suppose we're strangers. Do you believe that God in His love and mercy has sent His Son Jesus Christ to make you well? And I only represent Him by this Word. You believe that? And you're--are a Christian. And you're believing tonight that God will help you if this church, with myself, will pray for you. You believe that?

**L-57** Now, the only thing that I could do as His servant, will might be able to know something in you life if He would reveal it to me, that would help you to have faith. That's what you lack, because Christ, when He died at Calvary, He paid for your sickness. Is that right?

You can't notice it in your face, but you have a cataract bedded in your eye (Is that right?), back so you can't see it. Besides that, you have something in your side, that's a growth. Is that right? Cause you to be extremely nervous, which is, what they call fatty tumor. Do you believe God will heal you? Come here just a moment. This...?... Don't doubt, have faith.

Mother, I have a mother at home tonight, perhaps about your age. If anybody was going to pray for her, she was in your fix, I'd want to be really sincere. I'll be just as sincere as I can be to ask God. And the peoples will also.

**L-58** Well, now, if that is the truth, whatever was told you, if that is the truth, then there's some supernatural way here that's knowing about that. No, isn't it? All right. Let's bow our heads.

Heavenly Father, I ask for Divine mercy for our sister. And I pray that Your mercies will be upon her, that she'll be healed. Grant it, Lord. May Thy Spirit move all this power of Satan that's upon her and make her well. I rebuke the evil things of her body, according to Thy Word, in the Name of Thy Son, Jesus Christ. Amen.

God bless you, sister. May it be gone from you. You believe that it's gone? God bless you. Now, that feeling that had that was the life of that growth that went from you, that cool sensation. You knew that.

That's when it dropped. Now, if you'll just keep believing, then you'll not be bothered with it any more. God bless you. And may you... Let us hear from you. Now, be in--be in faith. Be believing. Don't doubt.

**L-59** Now, every person in this building at this time, should have faith in God. How many out there would like to be healed, that doesn't have prayer cards, or nothing, say, "God, be merciful to me, I want to be healed." Raise your hands anywhere, just so I could see you, where your hand...?... Now, that's ninety percent of the audience out there are without cards. Not to come up here, but I challenge you this a way, as God's servant, if you'll look this way and pray and say, "God, I believe what the man said is the truth." God will reward you for that and will make you well. I'm only trying to represent the Lord Jesus Christ.

How do you do, lady? Excuse me, I was watching something taking place over there, and I--I... [\[Mark 11:22\]](#)

**L-60** You won't have to pray any more, little white-headed lady, setting there with sinus, setting right back there, if you just have faith now. That's what I was watching, lady. The Angel of the Lord was standing by you there. You're conscious of that. You were praying. Wasn't that right? Now, God has made you well. Go and rejoice and be happy.

Perhaps, maybe you and I will talk just awhile. We're strangers, are we? I don't know nothing about you, never seen you; we're total perfect strangers. Never seen you, but God knows you. He's fed you all the days of your life; all that you ever have He gave to you. Now, have faith in Him.

**L-61** You're a mother, aren't you? You believe me to be God's prophet? I believe that. You're a Christian too. You have three children. And you suffer with a tumor, a thyroid tumor. Several doctors has examined you. Is that right? Is that the truth? They give you up and said if you didn't have an operation right away, you was going to die. You drove here in a car, didn't you? You come from Maysville, Kentucky. Isn't your name Drake? I see the doctor when he pulled it out, that sheet out there and looked at it. And isn't your first name Mabel, or something like that? Isn't that right? Is that true, if it is raise up your hand. I never seen you in my life, but I seen that heavy-set doctor was working with you, pull your card out of the file, just stand and look at it. Go on your way and rejoice; may God make you well. Let's say, "Thank be to our Lord Jesus Christ." Believe now; don't doubt. Every person ought to believe now. Just have faith in God.

**L-62** God bless you, and may the Lord Jesus grant this blessing. You are a woman which has had an operation. And the operation has been on the gallbladder, and it won't heal. Is that right? If it is raise your hand. I wasn't reading your mind; it's a vision was showed right here. I seen the operation performed when they went in and took the gallbladder.

Our heavenly Father, bless our sister, and may she go from here tonight and be perfectly whole. I ask this blessing in Jesus Christ's Name. Amen.

God bless you, sister. It'll heal now, don't worry. If He knows what was, He surely knows what will be. Is that right? You're going to get well, so don't worry. God bless you.

Have faith in God. Everyone should believe.

**L-63** You've been suffering with a extreme nervousness setting there, the little lady with the black coat on, haven't you, lady? Is that right? You were... You just get so nervous you can't hardly hold yourself together. And that's especially in the evening; when the sun is setting, you get real nervous. Isn't that right? If it is, hold your hand. The other day when you were looking out the window, that real gloomy feeling come over you. Isn't that the truth? Stand up, Jesus Christ has made you well now. You can go home and be well. God bless you. Your faith has made you whole. Have faith in God.

**L-64** This little lady setting on the end with a scarf around her neck, suffers with a heart trouble too, if she could just want to, she could be made well, if she'd just have faith and believe. Lay your hand over

on her, dad, there, and put your hand... Man there with the yellow trousers on, put your hand over on the lady there while we have prayer.

Our Father, we pray that You'll make her completely whole. May Thy Spirit help her. We pray in Jesus' Name. Amen. God bless you.

All right, bring the lady. I see the Angel of the Lord standing right here, a circle of fire, little pillar. It... I see It standing right here; there's something in It. It's coming; it's a man. He has a rupture. There's the man right there, striking his head. Is that right, sir? You want to be made well of it? I seen a gray headed man with glasses on. Stand up to your feet and accept your healing in the Name of the Lord Jesus Christ and be made well. May the Lord grant your healing to you, my brother.

Have faith in God.

**L-65** Lady, we're strangers. I don't know you, do I? At Vandalia, Illinois, you saw me. That's been several years ago. Remember the big campaign there? Remember the deaf and dumb boy who couldn't speak and hear was the shoe cobbler, or something or other, down there? And the next day they had the big spread in the paper about it. Made... [The lady speaks to Brother Branham--Ed.] Yes, ma'am. I had a letter from him here not long ago, perfectly normal yet.

You'd like to get over that stomach trouble, wouldn't you? Arthritis also, isn't that true? You're a nervous person; you're always upset which has caused a peptic ulcer, which causes acid in your mouth and things. Isn't that true? If that's the truth raise your hand. Now, what if I tell you that Jesus Christ has healed you. Will you believe it? Well, He has. Go, rejoicing, and thank--be thankful to God, be made well. Have faith. Don't doubt. Believe God.

It's your simple childlike faith that does the healing. I didn't heal the woman. Her faith rose up to a place where she could be healed. Just believe Him. That's all you have to do. [\[Mark 11:22\]](#)

**L-66** I was praying there, and I seen Him come that way again. You dear Christian friends, it's a Light, and I watch the Light when it goes out. Then the Light stands there, then It just materializes, and I see what's taking place; that's how I call that. I see the person. And it's God answering your prayer. Don't be suspicious; that's what the Bible said. Did Jesus Christ perceive their thoughts? Is that right? Well, if He's the same yesterday, today, and forever, have faith in Him, believe Him. God will bring it to pass.

[\[Hebrews 13:8\]](#), [\[Mark 11:22\]](#)

**L-67** All right, come, sir. What do you think about this? With all your heart? You believe that God healed that diabetes right now? You do? Well, God bless you. Go on your road and you won't have to have one more thing to be done about it. God, be with you.

Let's say, "Thanks be to God," friends.

Bring this... Excuse me. Had a funny feeling when I said diabetes about him, didn't you? Same thing, just keep on walking, thanking God, it'll leave you. God bless you, sister, just go.

God grant this woman's healing, I pray, Father that she'll go out of this building tonight a solid, well woman for Your glory in Jesus' Name. What you wanted me to do. God bless you.

All right. Come, lady. Isn't He wonderful? Who could doubt God? Someone challenge the Bible, "Jesus Christ the same yesterday, today, and forever." [\[Hebrews 13:8\]](#)

**L-68** How do you do, sister. There's just about eighty percent of that congregation got your trouble. You want me to show you? How many in this building suffers with nervous trouble, just a nervous condition, raise up your hands, all around, everywhere. See? You, everyone can be healed right now.

Almighty God, be merciful, seeing this dreary, weary, spirit hanging around this woman, and know that it would take her and put her in the insane institution, make her butt her head against the walls until she died, if he could do it. But, God, we come now believing, and know that he got lots of support here tonight. And Father, we believe that You are all the support we need. And now in the Name of Jesus Christ, may this nervous demon leave this woman and every person in here. In the Name of Jesus Christ, come out from those people. God bless you.

Look, it's been on you quite a while. Started in the menopause. You're about over it now; you're going to be all right. Go on rejoicing, thank God. You thought you had many things wrong, but that's the main trouble...?...

**L-69** Oh, how God could settle over this little audience right now and just sweep everybody out of here. You're crying, sir; I know what's wrong with you. I know you got a injured back. Is that right? For I'm waiting for Him to heal you, I... Anybody, I see the man's bending there cripple, anybody knows it. But you had an injury...?... you hurt your back in there, and it's injured your back. I seen the vision four or five times over you, but you're afraid you can't get well. Yes, you can. Stop thinking that. When He tells me, I'll tell you. But I can't tell it, till you tell the... I've been watching you. I seen you setting here awhile ago, I seen your--your injury, seen what happened. But I--I can't say it until He tells me. Just let your faith rise on up. I believe you're going to be all right. Just have faith in God. God will grant it. Now, you got that spirit stirred, right there now.

**L-70** Everybody reverent, just as reverent as you can be, and be in prayer. There's a--a line of dark chain coming from that man to that audience. May God... Yes, it is. It's moving down on a woman. You're setting right back in here, got a back injury, a bone injured in her back. Isn't that right, lady, setting right back there? You was setting there praying? You got a back injury too, in your both--back, haven't you? You looked up at me there, set... No, the lady back there, there's a chain running to you too. Is that right? God be with you. God bless you both, and heal you.

**L-71** That boy setting right out there at the--at the end of the row, he has something wrong with his back, too. Is that right, sir? Don't you have a stomach trouble also? Isn't that woman your neighbor? I see you looking across to one another, talking from a fence. Is that right? God bless you both. You're healed right there. God Almighty has touched you. You're...?... Amen.

Come, mister. God bless you, son. You want to get over that stomach trouble? Well, go on and eat, and God bless you.

**L-72** That man setting right behind that boy, is that boy's daddy. I see them go together at the same house? Isn't that right, sir? And you're sick and got a bladder trouble, is that right? Isn't that his mother setting next to him there? You're all in one same place. And that woman has got a rupture and a heart trouble. Is that right? Lay your hands over on one another and be made well in the Name of Jesus Christ.

Why did He say to heal the sick? If you have faith to believe.

Come, sir. Oh, my, diabetes, heart trouble. You want to get well? Raise up your hand, say, "Thank You, Lord, for healing me." And may the Lord Jesus heal you now and make you well. Amen.

Let's say, "Thanks be to God."

**L-73** All right, bring the man. Bow your heads: deaf spirit on the man. Almighty God, that raised Jesus Christ from the dead, give us grace and glory and help. Bless this man who I bless in Thy Name. And may the spirit of the enemy leave this man, in Jesus Christ's Name I ask it. Amen. Satan, come out of him, through Jesus' Name.

Hear me? Hear me now? Hear me now? You're a minister. Hear me now? Say "Amen."...?... Now, raise your head. His deaf, deafness was in this ear. I'm--I'm going to say real whisper and you say it out loud. Praise the Lord! ["Praise the Lord."] I love Jesus. ["I love Jesus."--Ed.] Can you hear it? Get up close to the microphone now. Now, watch, I'm going to put my finger in this ear; this is the deaf ear. All right. Praise the Lord, ["Praise the Lord."] Jesus saves you. ["Jesus saves you."--Ed.] You're a minister of the Gospel, so you believe that, don't you? God bless you, go on your road rejoicing; you're healed. Amen.

Come, sir. I want to tell you something. You were setting right down there awhile ago, wasn't you? That asthmatic condition left you down there, so just go on your road rejoicing and praising.

All right, come, sir. You want to go over the arthritis and so forth, as you come? Just go across the

platform, saying, "Thank You, Jesus, for healing me." Amen. Just believe God.

**L-74** Come, lady. You believe with all your heart as you're coming? Would you like to eat again and have a good full dinner to eat and--like you used to? You believe me to be God's prophet? Then I rebuke that stomach trouble in the Name of Jesus Christ, that it leaves you. And Satan can't hold where God's standing. Go, eat your supper and do whatever you want to, God's made you well. God bless you.

All right, come, sir. Do you now believe? Everybody believe? Do you love Him with all your heart? Do you believe me to be God's prophet? Just not for... I'm just--just--just a man, but He's just using this way. I see something setting in a bottle. It's blood. There's one, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fourteen, fifteen, sixteen, seventeen bottles of blood. You've had seventeen blood transfusions. You're anemia. Is that right? And you come from another country, Arkansas. Is that right? Go home and finish... You got a blood transfusion from Calvary now, which will last you. God bless you and make you well.

You believe God? Let us stand to our feet just a moment, everywhere. Let's raise up our hands.
