L-84 And now, how many of you... Did you give out prayer cards? How many of you haven't got prayer cards? I want people that haven't got prayer cards, raise your hands. I want you to have faith. I want to believe. Look here. God is standing here. His Spirit is here. How many seen that picture of the Angel of the Lord back there? You've seen it, haven't you? Uh-huh.

Now, that's what's right here now. That's the Pillar of Fire. It seems strange that how the world will reject it. I want you to look this a way. I want you to believe with all your heart, that God Almighty, the powerful Jehovah God is present to make well. He will do it. He will do it if you'll just believe.

Now, look this way, and just be praying, and say, "Lord, I believe that--that Brother Branham has told us the Truth." You know that was truth what He just spoke there through the Spirit. Say, "I believe that's the truth." I want you to do it. I want you to believe it with all your heart. God will take care of the rest. You believe that, don't you? Now, just pray. Let's have a just quiet meeting. Let's be reverent. Just be praying. I've never did this, but I just felt led to do it. Of course, I have to wait till I see Him, till He gives me some kind of a lead-a-way, tell me. I just pray that He will do it.

Father, for healing me standing here in the pulpit tonight. Walking in here after missing sleep so many nights with a tremendous headache and now it's gone. And I'm so thankful. And I--I pray that You'll heal every one that's here. Grant it, Lord. You--You said just move... believe it. And I now as Your servant, I condemn every sickness in here. I take every spirit in my own control in the Name of Jesus Christ. I--I--I do this for Your glory, Lord.

**L-99** And I say to every demon power that's got the people bound, You can't hold them any longer. I come as God's agent. I come as His servant to serve a warrant on you tonight. I come to serve this notice, that Jesus Christ freed these people nineteen hundred years ago, and you can't hold them any longer.

Tonight they believe. Tonight we're here. The walls of Jericho will fall. The people will go in, and we'll possess the land. I command you in the Name of Jesus Christ, every sick spirit, affliction, come out of them in the Name of Jesus Christ, that they may be made well through Jesus Christ's Name.

**L-85** Father, Who I love and trust, let it be known this night, Lord, as I stand here. If I'm wrong, forgive me. I don't mean to be. I'm... Thou knowest I'm not trying to speak of myself. I'm speaking of You, Lord, and I know You're here. And will You grant this to these people, all doubt removed from their hearts. Let them know that even in its simplicity, yet It's You. You're here to do this. And I pray that You'll grant it through Jesus Thy Son. Magnify Yourself tonight, Father. Amen.

If Almighty God's here on this platform now, will just show me someone out there, or something's wrong, or something that can be done for someone, would you all accept your healing then from this platform from here. Would you accept your healing? If God... without calling anybody up here just right out in the audience He'd do it...? May His blessings be granted is my sincere prayer.

I see a little lady setting here. Do you have a prayer card, lady? with that little striped looking dress on? You, you don't have a prayer... You have a prayer card? You don't have a prayer card, do you, lady? You, yes, you, the lady with the little black hat, do--do you have a prayer card? You don't have a prayer card? Stand up just a minute. Look here just a minute. Just stand there and look here. You believe me to be His servant? We're perfectly strangers. You got--you got something wrong with an eyes, haven't you? Is that right? Then you've also got a--a sinus trouble. Isn't that right? Is that right? You accept your healing now? You accept your healing? All right. God bless you and be seated. Go home and get well. God be with you.

**L-86** Do you love Him? Man setting there with that white shirt on, no collar or tie, you have a prayer card, sir? You don't. Stand up to your feet a minute. There's just... I'll get you in just a minute there...?... You're just seeking more faith. It's all you want. Isn't that right? Just want more faith, that's all. God bless you. Set down.

That your wife setting there? Nervous, heart trouble. You

believe God will make you well, heal you, lady? You do? Stand up and accept your healing now. God bless you. Set down, or you can go home and be well. How could you doubt Him?

You want to be made well, lady? Got a gallbladder trouble, haven't you? Not only that, you got cancer too. Isn't that right? You want to be made well? Stand up and say, "I accept Jesus as my Healer." God bless you. May the Lord God grant it to you. Thank you, sister. Go home and get well. Don't fear now. Walk right down the road of faith.

Just pray everywhere. Believe with all your heart. God will grant it to you. Get over that... You think that blood pressure will leave you, sister? You believe it with all your heart? If you believe it...

Somebody in this section... It's over in here somewhere looking. Believe with all your heart.

**L-87** I just have to watch to see where He's at. You see? Here It is, right here. Got sinus, haven't you, sister? Believe He will make you well? You do? God bless you. You may have what you asked for.

Also, have sinus setting there on the end too, have arthritis, blood pressure. You believe God will heal you and make you well? With all your heart? He'd do it; you can have it. God bless you.

Heart trouble: that lady setting next to you has got a kidney trouble too. Isn't that right, lady? Now, seems like you had a severe cough too, don't you? You're coughing. Isn't that right? You don't have that now. Jesus Christ makes you whole. God bless you.

Are you believing everywhere? Lady, I know what's wrong with you. I know what's wrong with the lady setting there in the wheelchair. I can't heal you. Arthritis caused that a long time ago. See? I'm watching. It's--it's hung over you for two or three nights here. If you'd just believe, you could get up and walk on away, just as easy, as it would be for these other

raise up to your feet. God bless you now; go home and be made well in the Name of Jesus Christ. Amen. [\[Mark 11:22\]](#)

**L-96** Keeps hanging around that colored... No, it's that other colored lady right... Oh, you have stomach trouble, don't you, lady? Setting right, yes... He healed you just then. Go home, eat what you want to now. That was a peptic ulcer. You been nervous. It's come time of life what done that and you're--you're healed now. You can go home say rejoice and be happy in Christ. God make...

Just a moment. Well, you had a stomach trouble too, didn't you? That's right. You got an ulcerated stomach also. You were healed the same time, so you can go home now and eat what you want to and be made well. You...

Are you believing? Are you ready to receive your healing? Our Lord Jesus is here to make every one of you well.

**L-97** Let's bow our heads just a moment. Now, Father, with kindness and reverence we come to You, believing with all of our heart that... I don't know what else You could do, Father. You sent a brass serpent one time, and set it on a pole, and those who looked, lived. You had a pool, Bethesda, and all that stepped in with faith got healed. You sent Your Son, and He died that we might be made free from sin and sickness.

You've healed us all along and You said that, "The things that I do shall you also, and greater because I go to My Father." You said, "A little while and the world seeth Me no more, yet you shall see Me and these things that I do, you'll do also." And tonight we see and know that You're here, and that You're healing and doing the same things that You did when You where here in... on earth many years ago. [\[John 5:1-19\]](#), [\[Isaiah 53:5\]](#), [\[Numbers 21:8-9\]](#), [\[John 14:12\]](#), [\[Matthew 28:20\]](#)

**L-98** And oh, great Father, I ask You to bless the prayer of Your servant. And I'm asking for these dear people who are setting here and Satan is trying to rob them from life. And I-I pray Thee and will thank Thee. And I thank Thee, heavenly

may God make you well.

You want to get over that epilepsy, setting right over there? Yeah. You believe? You believe He makes you well? Stand up to your feet and accept your healing then and be made well. That's the way; just keep praising God, keep believing. God will make you well.

What are you crying for, sir? You're trying to seek the Holy Ghost, aren't you? Little fellow setting there, isn't that right, sir? Stand up and say, "Lord, I believe You're going to give me the Holy Ghost." God bless you. You're going to receive It. There you've got the Holy Ghost right now. See? Praise the Lord.

**L-94** That's the way: get in dead earnest. What did you think of that, fellow, when he almost fell on your feet there? A God that can send him out... That man come from Switzerland. He formally come; he's now living in Fairbanks, Alaska, and comes down the road. Has got truck line runs up and down, has swimming pools and things. That's right.

You're suffering with TB. Would you like to be healed? You believe God will make you well? You believe it? You believe He heals you of TB? Something strange happened; you had a strange thought when that man fell in there, wasn't it? Huh? All right, stand up on your feet and accept your healing of TB. God bless you. Go and may the Lord make you well.

**L-95** Have faith in God. Just the only thing you have to do is have faith. Amen. Colored sister setting there, you want to get over that female trouble? Little green dress on, you believe? You want to get over the female trouble? You was wondering if I was going to say something. That's right? All right. It's gone from you now. You had a drainage that, that was an abscess, but it's left you now. God bless you, you can go and be made well.

You have an asthmatic cough, don't you, sister, right over there, causing a heart trouble also? Setting right on out about three, four people out from that lady, that--that's right,

people, but you just think you can't do it. You see? Don't believe that. Believe that God's going to make you well.

**L-88** This lady, the same thing here...?... isn't it, lady. Sure. Just brought you in on that cot, but you can be made well. You can get up and push your cot, and go home, if you'll just believe God. He's standing right here and make you well. You believe that?

Oh, my, just how It's banking in now everywhere, just looks like a constant pull, moving from everywhere. Have faith. Oh, Christian friends, isn't this the same thing that Paul preaching? Said, "I perceive that you have faith to be healed. You have a certain thing. Stand up and be... Don't you know He's here? It's the Lord Jesus. All those people out in there. There He goes again right back to them.

Little lady with female trouble... God bless you, lady. You believe with all your heart. I'm afraid I'm not catching you. You're missing It. You see? I see It come to you, and you don't respond to the call. You see? As soon as you do, It moves from you. See? 'Cause that faith has to catch, and then you--you get in your mind, say... You're wondering if It's to somebody else. (You see?) And it's you. See? That's right.

**L-89** Tell you what. Put your hands over on one another; let's have prayer.

I've told you the truth. I've done all that I know how to do. God has spoken. He's spoken in His Word. He's spoken through unknown languages. He's spoken visions and power by a prophetic utterance. The Holy Spirit's here seeking out like He does each time. But You told me said, "If you get the people to believe," He said, "you do this and they'll believe you." Just like Moses had made the stick to turn to a serpent and healed hisself of leprosy on his hand. I've told you the truth. God has testified it's the truth.

**L-90** Dear Christian friends, I speak in the Name of the Jesus Christ that every one of you right here now can be made well.

Lord Jesus I pray that You'll rebuke every demon and power. And may the Holy Ghost move over this audience just now and heal every person here. May the lame walk. May the blind see. May the deaf hear. May the power of God...?... May they laying on the stretcher rise up, go out of this building, pushing the stretcher. May they go from their wheelchairs, walk out of here, saying, "Why, God made me well."

And may it come to pass in this very hour, that everything in here may be healed. Now, Lord, You was with me over in Finland. You been with me all around the world. You was with me with that little girl that time. You was here showing the same kind of visions, the same things.

O God, may the Holy Ghost take...?... servant...?... and may there not be one sick person left. May this be the night of all nights. Grant it, Lord. May the Holy Ghost heal every person in here. May that faith right now rise up, stand up, and accept their healing.

Satan, I rebuke you in Jesus Christ's Name. Come out of the people...?... Let everybody that's in Divine Presence stand to your feet right now. That's it.

### **53-1204 - American Legion Hall, West Palm Beach, FL (Paragraphs: 66 - 87)**

L-67 Now, I trust and pray to Him [Blank.spot.on.tape--Ed.] that He will grant it, for God in heaven knows that there's nothing that I know to do, only just--just depend on Him. That's all I know. He told me. And that come to me when I was a baby. It's been with me ever since, and so He told me, and I'm here by His commission, not my own desire, His commission, and may He add His blessings. All right.

The great Physician now is near,

The sympathizing Jesus,

[Blank.spot.on.tape--Ed.] Now, please have faith in God. Now, do you believe that God has did what I have said He done: raised His Son up from the dead, and His anointing Spirit is

Nervousness and heart trouble, my. Is that right? You believe He's going to heal you now? I curse this disease of her body and say for it to leave in the Name of Jesus Christ. Come out from her. Amen. God bless you. Go, sister, rejoicing and being thankful.

L-91 All right, do you believe with all your heart? You believe me to be His servant? I believe that with all my heart. And because you have respected, not me, but God Whose Presence you're standing in, the kidney trouble's left you. And you had female trouble. And it's gone too. So you can go off the platform and rejoice and say, "Thank You, Lord."

Do you believe me, young fellow? Do you believe with all your heart? Somebody in here is believing; it keeps turning me real hard. Now, just a moment. It's left me and went that way. It's... The--the Holy Spirit's over the audience now; it's not at the platform. It's over the audience.

L-92 That lady setting right back there, she has female trouble and stomach trouble. God bless you. Go home; be well now. God make you well. See who It's moving to. Oh, have faith in God.

Brother Beeler? It's... No, it's that lady setting there. Yeah, it's rectal trouble, isn't it? That's her. He makes you well, so you can stand up and accept your healing now. Be made well in the Name of Jesus Christ. God bless you.

You were setting there praying or anxiously believing, trying to move in because you was asking Him to let me speak to you, 'cause you seen you wasn't going to get in that prayer line. Is that right? Now, I'm not reading your mind. But you couldn't hide your life now. That's right. You're going to get well. Now, don't worry. Just go on and be happy and rejoice. [\[Mark 11:22\]](#)

L-93 Do you believe setting there, sir? You have persistent headaches, don't you? Is that right? You believe that He's going to make you well? All right. Stand up and accept your healing. Be made well. In the Name of the Lord Jesus Christ

healed and well in Jesus Christ's Name. Amen. God bless you, brother. Be of a good courage; you're going to receive it. A blessing waits on you.

**L-88** All right. You believe me to be His servant, lady, with all your heart? You believe that God will make you well? You have a lump in your breast, don't you? You believe it's going to leave you? May I come... You come forward this way?

Lord, in Who lays life, and in Whom lays healing, I ask that this depart from our sister, in Jesus Christ's Name. May she live. Grant it, for Your glory. Amen. God bless you, lady. Now, go thanking God, live reverent and true to Him all your life.

Do you believe? You believe that God will take that anemia condition away from you and make you well? You do? Go, rejoicing, saying, "Thank You, Lord."

Now, Father, I pray that You'll grant this blessing to her in Jesus Christ's Name. Amen. Now, go thanking God. Don't doubt nothing just say, "I received it; I got it."

**L-89** Now, howdy do? Do you believe? God bless you. You believe if God is here can make you well? You do? All right. Now, what you have, you have diabetes for one thing, heart trouble for another. Is that right? You believe that He's... You believe you're healed now? God bless you. That's it. Amen. God be with her and bless her in Jesus Name.

All right. Now, when I said heart trouble to that lady, something swept over you, didn't it? You was healed the same thing. God bless you. Yes, that's... It's gone from you now; you're well. Go and God bless you.

**L-90** All right, you have kidney trouble. And you also have arthritis. Is that right? Almighty God, take away the curse from this woman as I bless her. In Jesus Christ's Name may she go be made well. Amen. Now, look sister, you must act your faith. You believe it? Then go off the platform rejoicing and happy, saying, "Thank You, Lord Jesus. Thank You, Lord Jesus."

here now? You believe that? You do. [\[Mark 11:22\]](#)

**L-68** I can tell you something now, that this is not your home. You come from a north country where it's cold, and you come here to get a job, to go to work, and you're working here, and your trouble is you've got something that's breaking out on you--on your body. It's some kind of a breaking out.

You're a declaring to be... You have a high blood pressure. It's a... I see him with a thing around your arm it; it gives a... You got a high blood pressure, and you're deeply concerned about somebody else. It's a... I believe it's--it's--it's two men. One of them is a brother. And the boy is a--a mentally upset. And the next one has... It's a--it's a alcoholic. And they live in Chicago where there's a lake runs around the... Come here just a...

Almighty God, have mercy, Your Spirit. I pray that You'll bless, dear God, as I bless this woman. And I pray that You'll heal her, and her loved ones, and may they get well. I ask this blessing in Jesus Christ's Name, rebuking the devil. Amen.

**L-69** Now, look, lady. Look here. Coming up you've been suffering with a headache. It's gone now. You see? And you go on your road. See? Now, you know that that is truth. You're healed and...

Let's say, "Thanks be to God Who gives us victory through Jesus Christ, our Lord."

Now, just be reverent. All I want you to do is have faith. Now, lady, I want you to look this a way just a moment. Now, I am... No. I am just wanting to talk to you a minute, because you're--you're my sister in Christ. You're a Christian. And oh, I... You're--you're trouble is in your back. You--you--I see you had an injury. It's a spine injury. And it causes you to be a--kinda a weak and nervous. Isn't that the truth? And that's been done quite awhile. You look much younger than what you... Several years ago when that happened and...

**L-70** Just a minute. It's left me. Was that the truth? That's--that's the truth. Well, then you know that something is here to--to--to know something that's been in your life, or to tell what your troubles is. Is that right? Well, then if God knows what you have been, won't He also know what you will be? And if that part is truth, what He would say if He'd say something else, it would be truth, wouldn't it?

I see something else. There's... Just a moment. It's--it's--it's a woman that looks like you. Oh, it's a sister. You have a sister, and she's suffering with a--some sort of a nervous condition. And she's got dyspepsia or something in her stomach. She's spitting up her food. It's--it's acids in her stomach. Is--is that... Isn't that... Come here, mother.

**L-71** Our Father Who art in heaven, hallowed be Thy Name, Thy Kingdom come, Thine will be done in earth as it is in heaven. And Almighty Jehovah in the Name of Thy Son, Jesus, send Thy blessings upon this one, who I bless in Thy Name. And may she go from here tonight and be well and all of her requests granted in Jesus Christ's Name I ask it. Amen. God bless you, sister. Go now. God's peace upon you.

What do you think about it, lady? There with the purple dress on. You're awfully nervous, aren't you? Been suffering with a nervousness. You believe God's making you... Yes, isn't that right? All right. He healed you then, and the little lady setting right behind you had the very same thing, both of you together. You were both healed the same time that woman was healed there. God bless you. You can go home now, and be well. God's blessings be with you.

**L-72** You believe He healed you with that arthritis, setting there? You believe with all your heart that God would heal you? Yes. You believe it? Do you believe He would? All right, I want you to accept it right now, and say, "Lord, I believe with all my heart, that God's going to make me well." You'll get well. God bless you. Accept it with all your heart, and you can

in God is all I ask you to do. [\[Mark 11:22\]](#)

Howdy do? God bless you, mother. Been in this world, I guess many days. But you still... Everybody wants to live as long as we can, don't we? Now, you're suffering, sister. I don't blame you. God's... Age means nothing to God.

One of these days you're going to come back a beautiful little girl like you was many years ago. All this gray hair... Death has set in, it's going to conquer sometime. But when you return, what death has done to you... Death will be taken away and just what you was at your best was what you'll be then forever. Won't that be beautiful and wonderful? God's Word teaches that, mother.

**L-86** Now, you've got a ulcer outside the stomach. And then you've also got a hernia. And you've got high blood pressure. Is that right? And you got arthritis. Is that right? You couldn't hide your life. But now I'm going to ask God to heal you. Almighty God, grant her blessings Lord, that she ask coming age, but yet creeping up here believing that You will do it.

How You fed her all through life, You've taken care of her. And now, Lord, may she be comfortable and healed in the--the rest of her days. I pray in Jesus' Name. Amen.

God bless you. Now, go believing with all your heart and God make you well.

Just have faith in God. Believe with all your heart; God will bring it to pass. [\[Mark 11:22\]](#)

**L-87** Howdy do, young man? You believe? If I be God's servant and--and He's here, His Presence, which I'm sure that you're conscious of something. Now it's your attitude, what you think it is; that'll determine what you get. But I couldn't heal you. If you're sick, I don't know. But if you are, I couldn't heal you because Christ already did that.

But you are... You're sick. But your sickness is nervousness. You're real nervous. And here's another thing. You're seeking something; that's the baptism of the Holy Ghost. God, give It to him. In the Name of Jesus Christ may he go tonight and be

that? Well, God bless you. Then I can help you. For the Angel of the Lord told me, "If you get the people to believe you, then be sincere when you pray, nothing's going to stand before the prayer."

**L-83** And I said, "They won't believe me because I'm uneducated. I can't present it the way that I could..."

He said, "There will be given signs as there was to the--Moses the prophet, to vindicate that this is truth." And He told me what would take place. He said, "Do this and they'll believe you."

Now, we being strangers, probably raised miles apart and born years apart, but God knows both of us, doesn't He? But it's not for you. You're standing for a friend. And that friend is got a bladder trouble. He doesn't know it, what's wrong with him. But he--he's got a bladder trouble, and they're fixing to operate. And you've come to stand in his place just for his success. [\[Exodus 4:1-9\]](#)

**L-84** Come here. Almighty God, may Your mercy be granted to this woman, and may she receive this blessing. May she be all right, normally and well, in Jesus Christ's Name. Amen.

Lady, just a moment, that lady's in the hospital isn't it, a Swedish hospital? All right, that's all right. God bless you. Go on home. Amen.

Howdy do, sir? Do you believe me to be His servant, the Lord's servant? God bless you. And I--I am sure if you believe that, that I can help you in--in His grace. I see quickly that you are a believer. You're a Christian. And you--you suffering with--with a nervous condition. And it's caused you to have a heart trouble. You have a heart trouble.

**L-85** And you're a preacher. Yes, sir. And you're from Ontario, Canada. Is that right? Go on, you're going to get well, brother. God bless you. May the Lord bless my brother and make him well. Amen.

Do you believe with all your heart? Have faith. Just have faith

have just what you've asked for. Your faith saves you, lady. How do you do? Do you believe with all your heart? I'm a stranger to you. You're--we're strangers to one another. I don't know you, never seen you in my life as I know of; but God knows both of us. Isn't that right?

**L-73** Have faith, brother. Yep. You believe Him? You're standing for someone else. And that man... It's a man. He's drinking. I see him standing at a bar, and you're on your knees praying. It's an alcoholic. That's a brother. Isn't that right? Yes, sir. Your brother. Say aren't you something to do with a... Aren't you a preacher or something to do around the ministry or...? Well, God bless you. Come here.

Almighty God, have mercy and grant the request, of this our sister, through Jesus Christ's Name I ask it. Amen. God bless you, my sister.

Have faith. Do you believe? Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] See? It breaks your tenseness. [\[Mark 11:22\]](#)

**L-74** Now, right now, every person in here should believe. There's not a question but... You should--you should believe with all your heart right now.

You think God healed your arm there, lady, with that scarf around you? You believe God makes you well? You do. He did just then, so you're going get well now from that arm trouble you've been having, having an awful lot of trouble with it. He healed you right there just then. God bless you.

Oh, how wonderful. How God wants to bless the people, make Himself known to them.

How do you do, sir. Come here. Have faith in God. Don't doubt; believe. [\[Mark 11:22\]](#)

**L-75** All right, sir. You look this a way to me. Do you believe with all your heart? I suppose we're strangers to one another. As far as I know, I've never seen you in my life. You--you're just a man that walked up here to the platform, but God

knows you, and all the food you ever eat, God gave it to you. But you believe that He's here now, that you're standing in His Presence, not your brother, His Presence?

You should. You're a minister, and you belong to some kind of a holiness organiza... It's the Church of God. Is that right? And aren't you from down below here? You come up the coast. You're from... I'd say Miami. You got troubles on your tongue. That's ulcerate. Is that right? You're going to get all right, so don't worry about it. Go home, and may God bless you, and make you completely whole through Jesus Christ's Name.

Have faith. Believe with all your heart, and you shall have what you asked for. [\[Mark 11:22\]](#)

**L-76** You believe, lady? I know you are, but if you'll believe with all your heart. You been... Listen, here's something you don't know. You're acquainted with your arthritis. You know you've had that for some time, but listen. Here recently you begin to getting weak spells, haven't you? Get kind of weak in the afternoon. I see you lay down, have to sit down in a chair. You get weak. At night time, not resting right, you see, at night time. It's TB. See? You're not aware of that being on you, but it is. So come here just a moment.

**L-77** Almighty God, here Satan takes this woman's life. I rebuke this devil in the Name of Jesus Christ. Come out of her. All right. Look here, lady. Now, you're all right. God has healed you. Your arthritis is gone. Now, the reason I said to you about that. I seen the way you were acting, and I knowed you wasn't aware of that; but if there is a doctor which is setting present now, he knows hisself that when you're--when--that's the very symptom of TB, weakness, perspiration, and so forth. But you're healed now. You're aware of that. Go on off the platform just rejoicing and happy, saying, "Thank You, Lord."

Come, sir. See, she was standing in His Presence. She didn't realize what happened till she just got off the platform. Then

know each other. But now, we are... You are a Christian. You're a Christian believer. And there's something strange about you. I see a--a water. It's a rolling; it's a sea. And you're not from this country. You're--you're from Italy. You're an Italian. And you used to be Catholic. And you have turned Christian. And you're a war bride. Is that right? Your husband is kind of a little fellow with kind of heavy hair. Is that right?

And you... You're standing for an uncle, or relative somewhere in Italy. It's suffering with a--a venereal disease, syphilitic. And he's Catholic. That's left. Is that right? What I told you there, what that... You heard my voice, but it wasn't me; it was someone else talking. See?

**L-81** But I see you, the way you are now, the way you really are in this life. I seen you a few moments ago, what you was somewhere else. Seems to be a little girl or something another going to a Catholic church or something. Was that right? Come here. O God of heaven, blessed be Thy Name. Thou Who can do all things, bless this young woman. I pray that You'll be with her and--and grant Lord that whatever her request is, that You will grant it to her.

And in commemoration of our Lord Jesus Christ Who has raised from the dead and standing here now in our midst a showing signs and wonders of His resurrection, infallible proofs that He has--has risen from the dead and is not dead, but He's living in His Church... We thank Thee for this. And bless this girl and grant her request in the Name of Jesus Christ. Amen. God bless you, young sister, and His mercies upon you.

**L-82** Excuse me. Just don't think I'm beside myself. Sometimes you... I--I can't explain it, people, it... You--you wonder. You're somewhere else and then you--you have to wonder where you're at. It's... You're the patient? You're the pa... You--you come... You you're the person that's here to be--to see me. All right, sir. You believe me to be God's servant? You believe

meeting in life. But God knows both of us. If we've never met in life before, then if God would know something... You see, lady, longer you talk to people, more vision. But I just try to find out what's wrong with the person, then just go ahead. For there's more we've already called in the line. I try to get all them through.

**L-78** And I've been six weeks now in meetings, till I get real nervous. You can see how it makes me just in a few moments. And frankly, you just keep coming and going to me, like that, after these ever what's passed through the line. Christian friends, you'll never know the effect that this takes on the human being. For hours afterwards you're wondering whether you're talking to somebody in the vision or whether you're not.

Imagine being here now and somebody standing here, and you go back in a world forty or fifty years back, and see what they're doing, and you're back there with them, and you're talking what you're seeing. You're--you're there with them, yet knowing that you're standing here on the platform. Put yourself in that for a few times and watch what happens.

**L-79** Daniel saw one vision, and it troubled him at his head for many days. But I've got to a place now with all these weeks of work, till I'm just becoming real shattery. I can feel it moving on me right now. But I want you to pray. I want you... In your--in your heart just be silently praying and believing.

[\[Daniel 4:5\]](#), [\[Daniel 7:15\]](#)

Now, I--I want you to have faith. I want each one of you just raise with your hearts moving. Keep quiet. Be reverent. Be seated, and just keep reverent and quiet as you can.

And I want you to look at me, lady. As I say that, "Look on me," it's just like... The prophet Elijah said, "If it wasn't I respected of the presence of Jehoshaphat, I wouldn't even look at you," He said. [\[II Kings 3:14-15\]](#)

**L-80** But we're... You say we're strangers. All right. We don't

she realized she was healed. That's... See? Right here. Anyone's ever been here, just the way this is right now, how many... Have any of you been here you know it's--it's something you know that you're in the Presence of Something when you're standing here. How many knows that, that's been up here too, you know it's true? See, see? That's right. You can't stand.

**L-78** Well now, I am not reading minds. I wish you'd get that get that out of your head. Put your hand on my shoulder, sir. Anybody knows what mental telepathy is. I... Now, if God will reveal to me out here, as I'm looking across this a way, what's wrong with you, will you accept your healing? You will. Well may the Lord grant it, my brother, is my sincere prayer. I've never looked at you no more than just to call you here, when you was standing, or sitting, or something there and God knows that to be the truth.

But I see you moving away from a table. You got stomach trouble. Is that right? If it is, raise up your hand. All right now. Go eat what you want to. God bless you.

Have faith. Believe with all your heart.

Come, sister.

**L-79** Now, have faith. Believe and do not doubt. If you're... Jesus said... You want to get over that high blood pressure? If you believe, God will take it away from you. He will do it. Your blood will drop if you believe it. Only through faith can you be healed.

I know you're trying, sister. I've watched you for a long time here. If you just get that out of your mind, your case is too hard, nothing's too hard for God. You're anemia, aren't you? You believe we're going up to Calvary right now, in the Presence of God, for a blood transfusion? God bless you. Go, and Jesus Christ restore your blood to you.

Have faith. Believe with all your heart. You shall have what you've asked for. [\[Mark 11:22\]](#)

**L-80** How do you do? You believe me to be His servant? You believe you can get over that tumor without even be operated on? You believe it? You can. God bless you. Go, and be made well through Jesus Christ's Name.

Let's say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.]

Something another... Somebody... All right. Have faith. Believe with all your heart. Do you believe the arthritis left you were sitting there? Just go off the platform rejoicing, saying, "Thank You, Lord Jesus." That's right. Don't have--never have no other testimony but that.

**L-81** All right. Come. You believe, lady? You must, for heart trouble's hard to get over. But you're over it. Go on your road. God bless you in Jesus Christ's Name.

Come, lady. Do you believe with all your heart? Now, you thought you had heart trouble, but it wasn't. You got a stomach trouble, a stomach trouble which is causing acids in your stomach to make gas, and when you lay down, your heart gets the worse. Isn't that right? You're going to be all right. Go on your road and rejoice and happy. [The lady speaks with Brother Branham--Ed.] That's what I was trying to tell about right there. See, you got to get away from that. Just do what He tells you to do. Go on your road and thank God, eat anything you want to, and just keep on praising God. See? That's caused the whole thing, lady. You're nervous condition is what's brought it on you. See? Causing that peptic ulcer in your stomach, cause your food to 'gurgitate and come back up like that. See? That's...

**L-82** Now, you believe that you're going to be all right? See? Now, I can't heal you. I only knows what He tells me. You know that's the truth. All right. Now, just rejoice. Now, if you was healed before, you know how to accept your healing then. Go, and rejoice, and say, "Thank You, Lord." Be made well.

**L-75** What say? [Brother asks Brother Branham a question--Ed.] Just let Him lead you. Just whatever, you just keep moving and just... When He... Just where He's got you, stay right there until you feel that He's moving you somewhere else.

Now, don't take (See?), don't take anybody, what anyone else says. You go move right with Him. And when He moves you somewhere else, just keep on moving. He will--He will... That's the way I have done, my brother, since a child. So he will--He will do you the same way. God bless you.

**L-76** Howdy do, sister? Of course I suppose we're strangers too. We are. And do you believe me to be God's prophet, or His servant? You believe that? Well when I said... "Prophet" means "preacher (You see?), just a--a minister." All right, then our heavenly Father knows you, He knows me. He knows us ever since we were children, ever since... Before we were born He knowed us. We was here in life for a purpose. And God gave us something to do.

Now, you are a believer. You are a Christian believer. I feel that now. And you're suffering with... Yes, you have some sort of spells like. It's epilepsy. Is that right? You fall out. I see it when it... Epilepsy, that's right. And it seem like there's somebody by the side of you that... Oh, it's your husband. And he has a... he's nervous and has a heart trouble. And He... And... Isn't that right?

**L-77** And you're not from this city. You've come from the west, Nebraska, somewhere like that, somewhere over in the west. Is that right? You--you believe that God will make you well now? Cursed be this devil that's tormented the woman, and come out of her as I lay hands upon her. In the Name of Jesus Christ may she go from here and be made well. Amen. God bless you, lady. Go now and rejoice and being happy.

You believe Jesus Christ the Son of God?

Howdy do, Lady? We are strangers I suppose, first time of

knows all about him. His very breath he's breathing now is by the mercies of God. If He'd call that life out of him, all this petroleum and light and stuff that his body is made out of will just go right out, and he'd--he'd die. And he couldn't operate no more. He'd be gone.

**L-73** So God is the One Who does the healing. He's the One Who knows all things. You're conscious that something's going on. See? You've been conscious there's been something dealing with you ever since you've been standing there, and you know it. That's the Angel of the Lord. Have you ever seen the picture of It?

That Light you know in the picture? You saw that. Now, that's just... In my picture where that discussion that night... Well, Dr. Stonewell has just explained it scientifically, just like...

It's power, the Holy Spirit. And He knows you. He knows us, knows we're brothers. And I know that you're a Christian. And I know that you're a believer. And I know you're suffering with nervousness. And I know another thing, that you got rheumatic fever also. And I know one thing, that you're--you--you have a calling to preach the Gospel. And you don't know which way to go and what to do. Is that right?

**L-74** You believe He's standing here then? That right? I tell you what you do: Don't you wait for any--somebody to give you something that you don't deserve and don't need; you just stay close to God and preach the Gospel. See? Don't look and let this take you in and this indoctrinate you with this or that. Go on, start you a little prayer meeting out in a cottage somewhere, hold, watch and see what God does for you.

Then just as He moves, you just move over here. Then when He moves over here, you move with Him. Just keep on. Let Him lead you, you'll go right on then. You--you... God bless you. Your rheumatic fever is going to leave you and your nervousness is gone. So God bless you, my dear brother, and give you the desire of your heart in Jesus Christ's Name. Amen. Go.

Come, lady. Well, do you believe it now? All right. I--I pray... I believe the heart won't bother you no more. You can go and be made well. God bless you in the Name of the Lord Jesus. You believe that sinus left you there, lady, setting right back there? You do? If you believe it with all your heart, you may have it.

**L-83** Just a... Something happened. Now, just a moment. The Lord be blessed and praised. I believe that we are in His Presence. I know we are in His Presence, and I know that He's here now to--to heal every one of you to make you well. You believe that?

I seen a car coming swiftly. It was coming from the North country: someone with a message, someone in a dying condition. It's a man coming for his wife...?... There he is. Your wife... You just come in. You come from up north. You crossed the Ohio River in a car. Your wife has cancer. Is that right?

Come here just a minute. Have you a handkerchief? That was your second thing, what you was going to do. By faith you--you obtained this, that I might bless it, and take it to your wife. Is that right? In the Name of Jesus Christ I condemn that cancer. Jesus Christ died that this cancer would leave. And in His Name I condemn the cancer, and send it away from the woman in Jesus Christ's Name. Return home, and put it on the lady, and then write me her testimony. God bless you.

**L-84** That kidney trouble left you while you were standing there, lady. You can go off the platform rejoicing. Are you ready to be healed? Every one of you can be healed. Are you believing?

Let us each one stand to our feet just a moment. May we bow our heads just a moment.

Merciful God, we pray that You'll be near now and to bless. Seeing that Thou has said in Thy Word, we must preach the Gospel over here also. And how the people here have begin

to believe. And, O Father, I pray that now that You will remember this audience this night. There are those who are here very sick no doubt. And I pray that You'll heal each of those. And I know nothing more to do than to speak Your Word to the people. And Thou hast been so kind to us to confirm the Word with signs following the believer.

**L-85** Now, these people are standing, Father. They're believing that--that You're going to heal them. And the strength is leaving my body. I--I know that many of them are being healed just now. And I pray, Father, as I stand here that Your Spirit will just move through each person in such a Divine way, that every symptom will leave their bodies, from their sickness, and they may be healed.

May the lame walk, the blind see, the deaf hear, whatever is here, Father. We believe that they're now being healed. And I can condemn every sickness in this building. In Jesus Christ's Name I charge every--every unclean spirit that would try to send these people to a premature grave, that you leave the people and come out of them, through Jesus the Son of God. While we got our heads bowed, cleanse...

**L-86** Almighty God is in our presence and somebody out here is being healed. God is moving. I see a man standing back here being healed of hemorrhoids. It's a minister of the Gospel preaching the Word of the living God. The lady... Oh, It's just moving all over the building. Just keep praying. I can't hardly see where you are now. Just keep praying. Keep your minds on God. You're being healed.

You, lady, with that high blood pressure standing right at the end of the ring there, God's making you well. You're healed. God bless you. That's right.

You here, sir, with prostate trouble, standing right back the other end of the ring, getting up at nights, running... You're healed. That's right, my brother. God's making you well.

Every one of you...

**L-87** You in the wheelchair here, lady. Have... Just believe God with all your heart. If you're just--if you just get over that little thread of doubt right now, you'd be made well.

Every one of you now put your heart on Him. Believe Him with all your heart. Accept your healing. Believe me. If God has come into your midst and if you go away doubting, a worse thing than what you have will come upon you. May you go with faith, and may God make each one of you whole. Just have faith. Don't doubt. Believe with all your heart. [\[Mark 11:22\]](#)

### **53-1213e - Philadelphia Church, Chicago, IL (Paragraphs: 70 - 99)**

**L-71** Some dear person, a Nazarene brother, very dear sweet brother, he said, "Brother Branham, I just... We just won't let people come in our church that speaks with tongues."

I said, "Then Jesus couldn't come, 'cause He died speaking in tongues." It's true. And He taught speaking in tongues. The Bible teaches speaking in tongues. All the apostles, all the saints, and everything believed it, taught it, and received it.

Well now, Paul said, "If you all speak with tongues and there be no interpretation for edification of the church, some unlearned person would say, 'Now, aren't you all mad?' But if one is a prophet and will reveal the things that's in the person's heart, then they'll fall down and say, 'God's with you.'" Is that right? [\[I Corinthians 14:1-33, 39\]](#)

**L-72** Well now, all those gifts goes in the Church. Is that right? See, how did I know the woman here? Never seen her, never knowed nothing about her. She looked like she went over there to get in the prayer line, probably without a prayer card, so they just sent her back. See? So, and so that was it. But she don't have to have the prayer card; she just has to have faith. And God honored that when she passed by. Now, here's a man; I don't know him. God knows I don't. Don't know nothing about him. But God knows him and
